Board Bylaw 9240, Board Development: ... Board members, like teachers and administrators, need training to assist them in meeting those standards. As part of their job, Board members need to participate in professional development activities that help them understand their responsibilities, stay abreast of new developments in education, and learn new ways to cope effectively with the problems they confront.

Issue Summary:

The Board may appoint two members to attend the National School Boards Association Annual Convention held on April 6-8, 2024 in New Orleans. There will be a rural education summit and professional development opportunities, including dedicated sessions on family engagement. The Association of Alaska School Boards will be sending Robyn Burke as a member on their Board of Directors allowing for three members of our Board to attend.

There is also an option of attending online available if more Board members are interested in attending.
