

LYNX LEGENDS

NOVEMBER, 2020

THE NEW GMC SIERRA PROVIDES STUDENT TRANSPORTATION IN STYLE!

Pilot Point School wants to give a BIG THANK YOU to our school board and our school leaders for making this new vehicle possible. Because of your efforts and support, we have already seen improved attendance. Our parents and students appreciate the ease and convenience of providing student pick up and drop off each day.

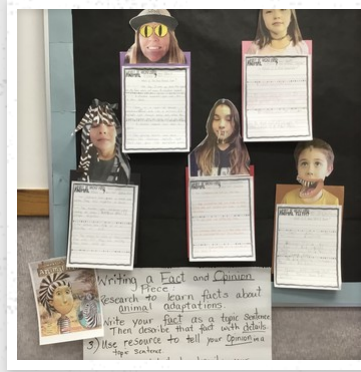

A SNOWY NOVEMBER BROUGHT BIG SMILES TO OUR STUDENT'S FACES AND MUCH MORE!

Students and teachers alike were so excited for the first measurable snowfall. We had fun together kick sledding, playing in the snow, and riding in style in the new truck.

VETERAN'S DAY BREAD

Mrs. Hughes elementary students each baked a loaf of bread to deliver to veterans on Nov.11. The students did it all from following a recipe to making the deliveries. The kids said the best part was seeing the surprised smiles on our veterans' faces.

STUDYING ANIMAL TRAITS

Students enjoyed researching and writing about animal superpowers. This fact and opinion writing piece combined standards from reading, writing, and science.

THE FIRST SNOW TAKES PE TO NEW LEVELS OF FUN AND ACTIVITY!

Students combine their favorite subject, PE, with their favorite winter activity which is playing in the snow.

GUEST INSTRUCTOR MICHAEL JANECEK

We appreciate Mr. Janecek sharing his expertise in smokehouse construction. It is always a treat to have the opportunity to share skills and stories. This was an experience students will put to good use.

ALL HANDS ON DECK

It was great to see high engagement and all students actively involved in all of the steps of the process from safety to design, to the finished product.

LYNX PRIDE IN A JOB WELL DONE

From left to right: Charolette Kalmakoff, Lena Kalmakoff, Alayssa Wise, Loren Matson, Kobe Matson, and Dylan Wise.

GETTING IN SOME EMPLOYABILITY STANDARDS WITH KICK SLED ASSEMBLY

Mr. K's class puts in the work to assemble the sleds for all of us to enjoy.

MR. K'S CLASS ON ONE OF MANY KICK SLED OUTINGS

Thanks to the Igiugig Native Culture Grant for making the purchase of the kick sleds possible for our students. We also want to thank Kicksled Alaska in Anchorage for putting together this collection of sleds.

P.E. AND KICK SLEDDING

Ms. Jenna, Byron, and Lexi had extra fun kick sledding during P.E. Kick sleds are perfect for all of our students no matter their age or size.
