Curriculum

On October 1, content team leaders convened to review current student performance data and begin drafting 2–3 measurable goals aligned with school improvement priorities. Following an analysis of the data, the team identified *informational text* as a key area of focus in English Language Arts, emphasizing the skills of comparing and contrasting as well as evidence analysis.

In math, the team determined that *numbers and operations* and *fractions* will serve as priority areas for instructional focus.

At the next meeting, the content team will finalize measurable goals that will be integrated vertically across grade levels to ensure alignment and consistency in instructional practice.

SGE Content Team Members: Petra Craddock (K-2 ELA), Kim LeVar (3-5 ELA), Jennifer Levernier (K-2 Math), Jenell McRae (3-5 Math)

School Celebrations

On October 8, Spring Grove Elementary School hosted a McTeacher's Night in partnership with McDonald's. The event provided a fun and engaging opportunity for families and staff to connect outside the classroom while supporting the school community. As part of the PTO fundraiser, McDonald's generously donated a percentage of the evening's sales to the SGE PTO.

Spring Grove Elementary staff members volunteered their time to assist with various duties throughout the evening, including delivering food to customers and helping at the drive-thru window. The school extends its appreciation to all staff, families, and community members who contributed to making the event a success.
