A vibrant collage of fresh fruits and vegetables. The image features a variety of items including lemons, tomatoes, bell peppers, avocados, blueberries, raspberries, kiwi, and ginger. The items are arranged in a circular pattern, with some in white bowls and others scattered. The background is a mix of dark and light green, with a white diagonal shape on the left side.

Fresh Fruit And Vegetables Program Begins

October 22, 2024

Encourages healthier school environments by promoting nutrition education.

THE FRESH FRUIT AND VEGETABLE PROGRAM

1. What is the Fresh Fruit and Vegetable Program?

The Fresh Fruit and Vegetable Program (FFVP) is a federally assisted program providing free fresh fruits and vegetables to children at eligible elementary schools during the school day. The goal of the FFVP is to introduce children to fresh fruits and vegetables, to include new and different varieties, and to increase overall acceptance and consumption of fresh, unprocessed produce among children. The FFVP also encourages healthier school environments by promoting nutrition education. To learn more, visit the FFVP webpage: <https://www.fns.usda.gov/ffvp/fresh-fruit-and-vegetable-program>

2. Who administers the FFVP?

The Food and Nutrition Service of the United States Department of Agriculture administers the FFVP at the Federal level. At the State level, the FFVP is administered by State agencies, which operate the Program through agreements with local school food authorities. State agency contact information is available at: <https://www.fns.usda.gov/school-meals/school-meals-contacts>.

THE FRESH FRUIT AND VEGETABLE PROGRAM

1. What is the Fresh Fruit and Vegetable Program?

The Fresh Fruit and Vegetable Program (FFVP) is a federally assisted program providing free fresh fruits and vegetables to children at eligible elementary schools during the school day. The goal of the FFVP is to introduce children to fresh fruits and vegetables, to include new and different varieties, and to increase overall acceptance and consumption of fresh, unprocessed produce among children. The FFVP also encourages healthier school environments by promoting nutrition education. To learn more, visit the FFVP webpage: <https://www.fns.usda.gov/ffvp/fresh-fruit-and-vegetable-program>

2. Who administers the FFVP?

The Food and Nutrition Service of the United States Department of Agriculture administers the FFVP at the Federal level. At the State level, the FFVP is administered by State agencies, which operate the Program through agreements with local school food authorities. State agency contact information is available at: <https://www.fns.usda.gov/school-meals/school-meals-contacts>.

3. Which schools are eligible to participate in the FFVP?

Elementary schools in all 50 States, the District of Columbia, and the territories of Guam, Puerto Rico, and the Virgin Islands are eligible to participate. Schools must operate the National School Lunch Program in order to operate the FFVP. Importantly, the FFVP prioritizes schools with the highest percentage of children certified as eligible for free and reduced price meals. This is because children from low-income families generally have fewer opportunities to consume fresh produce on a regular basis.

4. What are the application requirements for the FFVP?

Eligible elementary schools must submit an FFVP application that includes:

- The total number of enrolled children;
- The percentage of children certified as eligible for free and reduced price meals;
- A certification of support for participation of the FFVP signed by the school food service manager, school principal, and the district superintendent (or equivalent positions, as determined by the school); and
- A Program implementation plan, including efforts to integrate the FFVP with other efforts to promote childhood health and nutrition.

5. What are the characteristics of the FFVP?

are aromatic, light, citrus scent, contain low acidity, a sweet, tangy, subtly floral, and fruity flavor.

3. Which schools are eligible to participate in the FFVP?

Elementary schools in all 50 States, the District of Columbia, and the territories of Guam, Puerto Rico, and the Virgin Islands are eligible to participate. Schools must operate the National School Lunch Program in order to operate the FFVP. Importantly, the FFVP prioritizes schools with the highest percentage of children certified as eligible for free and reduced price meals. This is because children from low-income families generally have fewer opportunities to consume fresh produce on a regular basis.

The background features a vibrant green gradient on the right side, transitioning into a dark blue area on the left. The left side is decorated with overlapping, semi-transparent geometric shapes in various shades of green and blue, creating a layered, abstract effect. A thin white line runs diagonally across the lower-left portion of the image.
