

Non-Exclusive License for us of school wordmarks and logos

License agreement is reviewed annually by Walsh-Gallegos (they also handle the trademark license renewals for us) this year it was also approved by our purchasing director.

The agreements are renewed annually from date of signature

The royalty percentage is a common percentage we were recommended to use. Royalties are required on a quarterly basis – proceeds go towards the Judson Education Foundation.

This year the following companies are in agreement with us:

Pel Industries, Inc. (Walmart & Dicks Sporting Goods)

Wings Sportswear (HEB - FM78 & Kitty Hawk)

Full Circle Creations LLC – (Sells locally from her shop – Full Circle Creations)

Ohioptyle Prints, Inc (Sells at Walgreens and CVS)

Hampton Roadz (Sells locally from shop off Jones Maltzberger)

How can we "Police" the use of the trademark: There is no registry for use of logos so the only way to police is by word of mouth. For people within the district to keep an eye out for our logo being used and to report it (to me) and I can verify if it is a proper sale. If not we can produce a cease and desist (which we have had to do before) until agreement is signed.

Prior to electronic record keeping (2016) I have gone back and included all the contracts that were submitted and signed in our paper files and record retention files. The only records of income from invoices and audits are listed below.
