Budget Message 2026-2027

Pendleton School District
2026-27 Budget Message

As Superintendent of Pendleton School District, I am proud to present the proposed 2026-27 budget to the Budget Committee and our community. This budget reflects our continued commitment to students, responsible stewardship of public resources, and the strategic priorities that guide our work each day.

First and foremost, I want to express sincere appreciation to the members of our Budget Committee and to our Director of Business Services for the thoughtful and disciplined fiscal stewardship that has positioned our district well over time. The district's historical commitment to maintaining a strong ending fund balance has created stability during periods of uncertainty and changing enrollment trends. Because of this long-term planning and responsible budgeting, Pendleton School District has been able to approach staffing adjustments primarily through attrition rather than large-scale reductions that many districts across Oregon are currently facing. This stability matters deeply to our staff, students, and community.

This year's budget development process occurs during the final year of our current Strategic Plan. As a district, we continue to use that plan as our roadmap for decision making and resource allocation. The priorities identified by our community and Board remain central to our work:

- Pursuit of Instructional Excellence
- Being Responsive to the Needs of All Students
- Innovative and Emerging Practices, Strategies, and Programs
- Establishing and Maintaining the Pendleton School District Brand

These priorities are more than statements on paper; they are reflected in the decisions we make regarding staffing, programming, professional learning, and student support systems. Throughout our budget conversations, our focus has remained centered on the students we serve and the experiences we want them to have in Pendleton schools.

Like many districts across Oregon and the nation, Pendleton School District continues to experience declining enrollment trends, driven primarily by lower birth rates and demographic shifts. While enrollment decline creates financial pressures, we

**Budget Message
2026-2027**

remain committed to approaching these realities thoughtfully and strategically. Our goal is to responsibly right-size class sizes and staffing levels through attrition while continuing to preserve the quality educational opportunities our students and families expect and deserve.

The proposed budget prioritizes retaining high-quality staff members and continuing to build internal capacity within our organization. We know that the greatest investment we can make is in the people who serve students every day. This includes ongoing investments in instructional practices, behavioral support, student services, and professional learning that strengthens our ability to meet the diverse needs of all learners. Additionally, the district remains committed to meeting Maintenance of Effort (MOE) requirements related to student services and ensuring we continue to provide meaningful support for students who need them most.

This budget also reflects the reality that school funding is built upon a series of estimates and assumptions. While the Oregon Legislature largely protected K-12 funding during the recent legislative short session, districts across the state continue to navigate rising operational costs, enrollment fluctuations, and uncertainty regarding long-term adequacy of school funding. We are grateful that there were no major reductions to the State School Fund or Student Success Act investments that directly support students and schools. At the same time, we recognize the importance of remaining cautious and strategic as economic conditions and state priorities continue to evolve.

Another important consideration shaping our work is Oregon's new statewide accountability system approved during the 2025 legislative session, which will go into effect in the 2026-27 school year. Districts across the state will be expected to meet ambitious improvement targets in multiple areas tied to student outcomes and performance. While many details are still emerging from the Oregon Department of Education, we know these accountability measures will require districts to demonstrate measurable growth over time. Districts that do not meet expectations may ultimately face increased state oversight or direction regarding the use of funds.

As we prepare for these changes, it is critical that we continue investing in the areas most directly connected to student growth and success. Our proposed budget reflects a commitment to proactively strengthening instructional systems, student support, and organizational capacity so that Pendleton School District is positioned not only to meet state expectations, but more importantly, to ensure every student has access to high-quality educational experiences and opportunities.

**Budget Message
2026-2027**

Pendleton School District has many reasons for optimism. We continue to benefit from dedicated staff, supportive families, strong community partnerships, and a community that values its schools. While challenges exist, we are entering this next year with stability, purpose, and a clear focus on students.

I appreciate the time, partnership, and thoughtful consideration of the Budget Committee throughout this process and look forward to our continued work together in service of the students and families of Pendleton School District.

Respectfully submitted,

Michelle Jensen
Superintendent

BUDGET MESSAGE ADDENDUM

Legal Requirements

The budget message is required by Oregon Law ORS 294.403. It is prepared by the Executive Office of a municipality for delivery at the first regular meeting of the Budget Committee, as required in ORS 294.426.

The law states that the budget message shall explain the budget document, contain an outline of the proposed financial policies, describes the important features of the budget document in relation to those policies, and set forth the reason for the changes from the previous year in revenue and appropriations. Major changes in financial policy must be explained if they exist.

Organization of the Budget Document

The General Fund comprises the major budget category. Resources for the General Fund are shown in the beginning of the budget document, with the expenditures sections following. Supportive services for the District, as a whole, are listed under the function summary. Other funds follow in order after the General Fund. These include: local, State and Federal grant programs, debt service and capital construction.

The budget expenditures sections show four years of expenditures: the prior two historical years are actual audited data, followed by the current budget and the proposed budget. Expenditures within a fund are listed by function and the further defined by object for accounting purposes. Functions indicate why an expenditure was made i.e. instruction (1000) or support service (2000). Objects indicate what was purchased i.e. salaries (100) or associated benefit costs (200).

Financial and Fiscal Policies

A cash accounting system is the standard for the Pendleton SD. Under this system, all revenue and expenditures are recorded when they occur during the fiscal year. The accounting system is acceptable under the Local Budget Law ORS 294.305 to 294.565.

Board policy provides that all purchases within budgetary appropriations are the responsibility of the District administration. Reports are generated through the District's data processing system and become the District's record keeping system. These are verified annually, as required by law, through an audit by a certified public accountants. Copies of the current audit are available at the District Office for public review and inspection.

DUTIES AND REPSONSIBILITIES OF THE BUDGET COMMITTEE

Overview

The Budget Committee consists of the members of the Board of Education and an equal number of qualified electors and freeholders. The latter are appointed by the Board. None of the Budget Committee members may receive any compensation.

Appointed members of the Budget Committee may not be officers, agents, or employees of the school district. They are appointed for three-year terms so that approximately one-third end each year. The Board fills any vacancies on the Budget Committee by an appointment to fill out the unexpired term.

Responsibilities

At its first meeting following appointment, a chairman, vice chairman, and a secretary are to be elected from the members of the Committee.

As provided by law, the Committee shall hear the budget message, receive the budget document, hear patrons, and announce the time for their meetings. All meetings of the Budget Committee are to be open to the public.
