## **Campus Improvement Plan 2015-16 Summary of Changes**

### Strategy 3.1.2

Teachers will utilize research based instructional strategies, including The Fundamental 5, to boost student engagement and achievement in all core content areas.

### Strategy 3.1.3

Provide follow up ELAR training with modeling, observation and coaching throughout the school year to all teachers.

Provide initial ELAR training with modeling, observation and coaching throughout the school year to all 2<sup>nd</sup> grade teachers that are new to ELAR (as a result of the former team teaching environment).

### Strategy 3.1.4

Provide follow up Math training with modeling, observation and coaching throughout the school year to all teachers.

Provide initial Math training with modeling, observation and coaching throughout the school year to all 2<sup>nd</sup> grade teachers that are new to Math (as a result of the former team teaching environment).

### Strategy 4.1.20

Create an additional computer lab to ensure students have adequate time to utilize iStation for Tier intervention and mastery of technology TEKS.

### Strategy 6.1.2

Implement Watch DOGS program

Other changes included the deletion of strategies that are no longer utilized or needed at Chamberlin and combining of similar strategies into one.
