

CLMS
February 2025 Board Report
Principal: Kevin Younger

I don't have a lot to report this week. We have been gathering data from MAP Testing and starting to disseminate that information. There will be more to come on this.

Our student enrollment has remained steady at 74.

6th – 23. 7th – 25. 8th – 26.

Attendance has come in around 89% since the last Board Meeting.

Concerns:

As far as 8th Grade Promotion and the eligibility change, due to the mid semester change we are offering an opportunity to “win back” their Promotion Eligibility. Students who did not meet 1st Semester Eligibility can regain that by missing no more than 10 days from 2/10 (last Monday), no failing grades, and a 2.5 GPA for the 2nd Semester. Going into next year, the standard will be set and the handbook updated from day one so that we won't need to make changes mid-year. I still believe this is an important lesson and way to say it is the expectation that **all classes matter** here in Metlakatla. I thank the Board for their support in raising the academic expectation in the Middle School.

Middle School Volleyball is right around the corner.

We host Craig for basketball this weekend and those games will serve as Senior Night and Homecoming.

This coming week we will continue to prepare for the MIC Invitational.

I would really like to acknowledge the fundraising efforts of the team who have done everything in their power to make this tournament a success. So far they have secured \$37,000 to support this event. Jeannie Lindsey, Tyson Hayward, TJ Scott, Mike Nigus, Taw Lindsey, and Leslie Johnson. Without their efforts, and the support of so many businesses and individuals in and around this community, along with many that I did not name, we would not have been able to put this together.
