Re: Foresite Design for Athletic Field Projects – Sinking Fund

I would like to request adding an agenda item to the Monday, November 6, 2017 Committee of the Whole meeting to discuss engaging Foresite Designs for the design work on the proposed updates to the high school athletic fields. As discussed at the September 25, 2017 Study Session, the District is looking to update all three high schools' athletic fields due to the fact they are approaching conditions where replacement is required.

Please let me know if there are any questions. Thank you.
