

School Board Report – April 6-12 Principal Julie Granberg

A busy summer of learning and relationship building with my Assistant Principal Mrs. Morrison and part of the AVID team, Mrs. Nosbisch, Mrs. Slavin, Ms. Pickar and Mrs. Munson.

Nikki Morrison and I traveled to Florida for an HRS conference. We affirmed that what we had learned over the course of the year working at WHA was the right path to help move students in the right direction.

Then in July I traveled with my AVID team to San Diego to learn and bring back new strategies and refresh old strategies for our teachers. We will be focusing on using AVID strategies within the HRS framework to support all of our learners at WHA
