AT OUR CORE

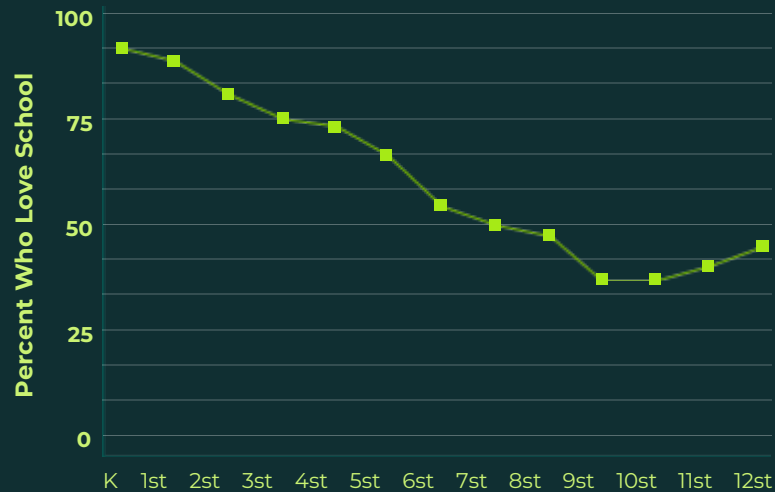

We believe, more than anyone else we know, that kids are limitless. It is our job to build a limitless environment that unlocks their potential.

Students' happiest days are kindergarten, but their happiness steadily decreases each year - until they are juniors and they see a way out.

Loss of Enthusiasm by Grade Level

Grade Level

Loss of enthusiasm (Lee Jenkins, 2012)

The average high school senior scores the same on a nationwide standardized test as the best 3rd grader.

	Grade		Grade	
Avg Test Score	3	12	
	50 th percentile	201	234
	99 th percentile	234	291

Spring Reading Achievement Percentiles, IXL Test | Appendix 1.C

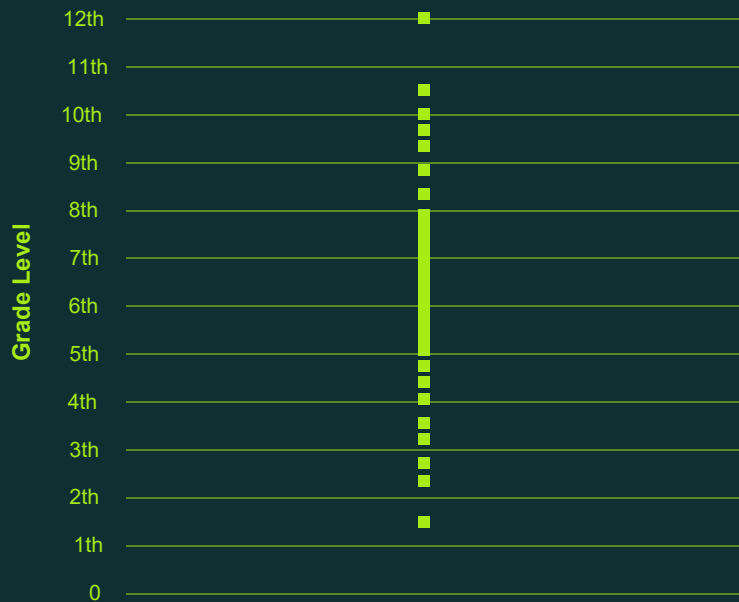

The average high school senior scores the same on a nationwide standardized test as the best 3rd grader.

The post-COVID knowledge spread in a classroom is wider than ever and may finally force the end of the obsolete 100-year-old “teacher in front of a classroom” model.

MISSION & VALUES

- Unbound Academy is built on the belief that every child deserves access to a personalized and engaging education
- Unbound Academy's mission is centered on personalized, student-centered education, ensuring each child receives a tailored learning experience.

OUR **THREE KEY** COMMITMENTS

**That students
love school**

**Learn twice as
much as students
in other**

**Develop
life skills**

THE 2-HOUR LEARNING MODEL

- Our unique approach allows students to master academic concepts at an accelerated pace, freeing up time to explore their passions and develop crucial life skills.
- The 2-Hour Learning Model uses AI-powered personalization and mastery-based progression, enabling students to achieve academic success and personal development.

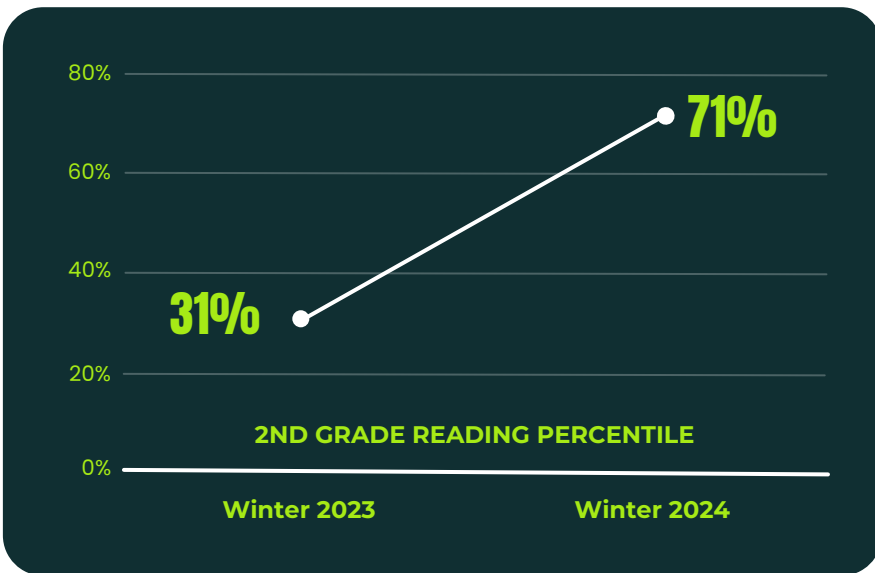

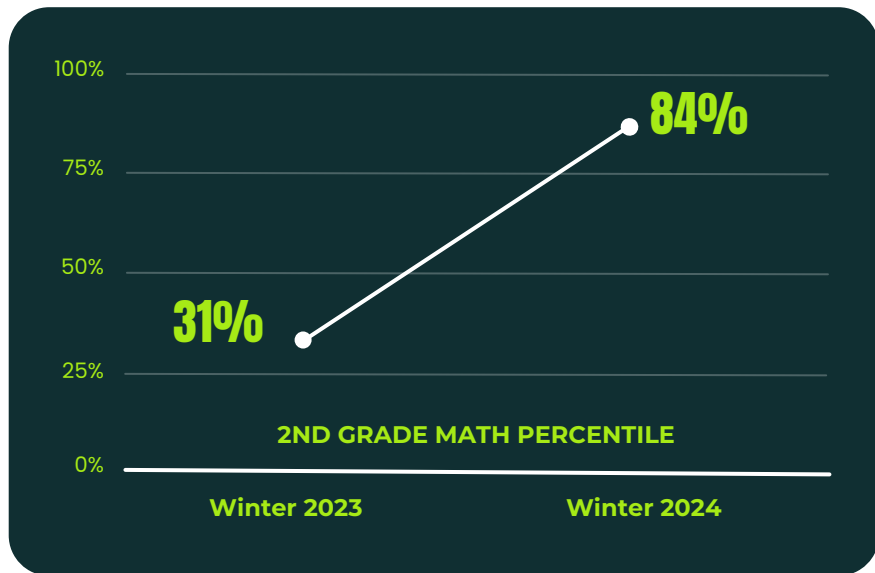

EFFICIENCY & RESULTS

- Students learn twice as fast as the average student, as measured by NWEA MAP assessments, all in two hours of instruction
- Unbound Academy's efficient learning model delivers academic results in half the time of traditional schooling, enabling students to excel rapidly.

2 HOUR LEARNING STUDENTS ARE LEARNING AVERAGE OF AT LEAST 2.9X FASTER

HOLISTIC DEVELOPMENT: BEYOND ACADEMICS

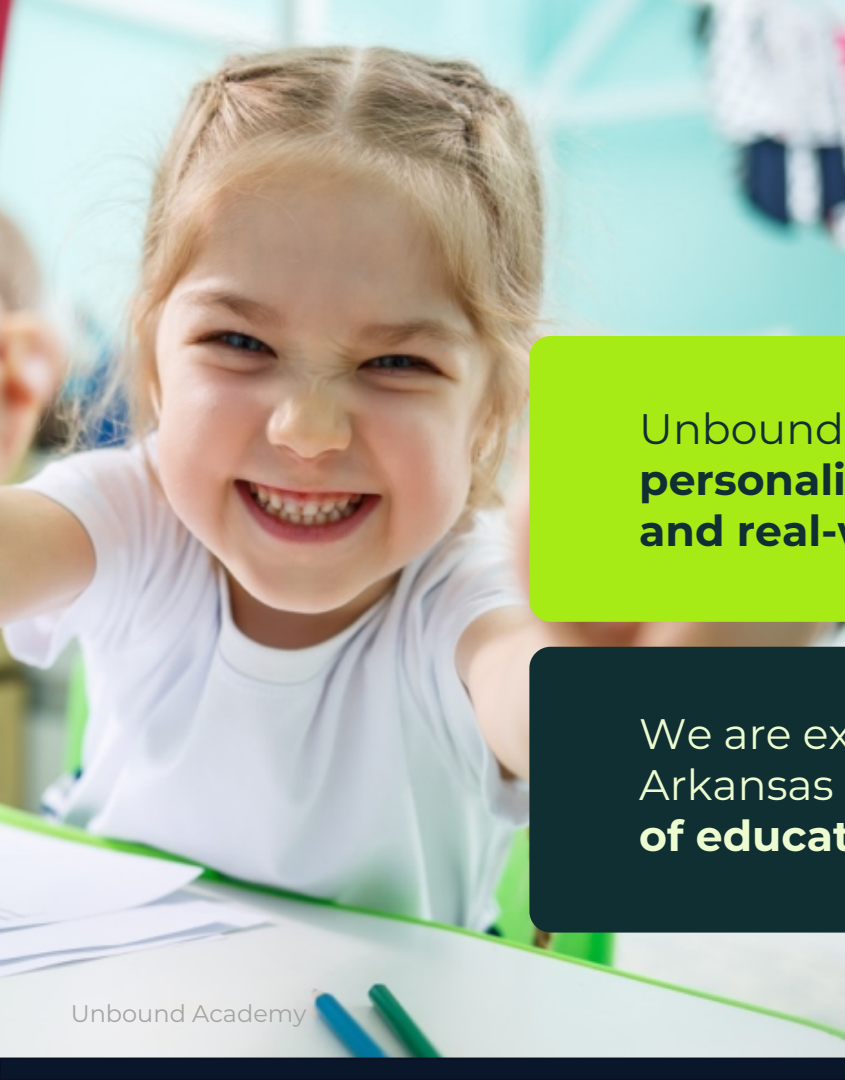

- After their academic work is completed, students spend the afternoon doing life skills workshops where they develop practical skills like leadership, communication, public speaking, financial literacy, entrepreneurship, and teamwork
- Unbound Academy's balanced model integrates life skills with academics, ensuring students are prepared for real-world success.

EXPANDING TO ARKANSAS

- We are excited for the opportunity to launch Unbound Academy and bring the two-hour learning experience, previously available only to high-end private school students, to all interested families in Arkansas
- The launch of Unbound Academy in Arkansas aims to provide personalized learning experiences to a broader range of students.

Conclusion

Unbound Academy is built on a foundation of **personalized learning, rapid academic progress, and real-world skill development.**

We are excited to bring this innovative model to Arkansas and **look forward to shaping the future of education for all students.**
