

Board Report

I have received two lawn mower bids:

72" \$15,133

104" \$22,945

They tell me the 104 starts wearing out parts in two years.

Elementary project meeting at the Elementary on Thursday June 8th about when they are going to get started.

Getting hand dryers at the Middle School. They keep wasting towels and plugging up the sink and toilets. Also looking into getting them at the Elementary school. It will save a lot on paper towels. Eight hand dryers are going to cost about \$3500. Currently I am spending \$12,080 on paper towels for the three schools.
