Summary: **This is to present Elementary and Intermediate campuses refreshes project design development (DD) documents for approval.**

Background

Information: **The Navarro ISD Elementary and Intermediate Refreshes project is part of the Long Range Facilities Master Plan to effectively manage the**

rapidly increasing student populations across the District. Along with the opening of Navarro South Elementary in the Fall of 2027, this refreshes project allows for the Annex Building to now become a part of the current Elementary campus and together become the Navarro Early Childhood Center serving grades EE – 1, as well as the current Intermediate campus becoming the Navarro Elementary School also serving grades 2-5. With the already higher than anticipated growth at the current Elementary campus, along with the high school programs being moved to the New High School, it is important we are able to use the Annex Building now for this campus.

LPA Architects has issued the Design Development (DD) Documents for the Navarro ISD Elementary and Intermediate Refreshes project for the Board's approval.
