

AGENDA / SCHEDULE

C&I Board Workshop
GPISD School Board/C&I Visit
to ECC, MS, HS

MONDAY, March 2, 2026

GOAL / PURPOSE:

The purpose of this workshop is to provide the Gregory-Portland ISD Board of Trustees with an authentic, firsthand look at how the district supports student growth through Tier 2 and Tier 3 interventions, specialized programming, and a multi-tiered system of supports (MTSS). Trustees will observe learning environments and programs across grade spans—including Special Education, Dual Language, middle school math reinforcement, and high school adaptive education—to see how targeted supports are designed to meet diverse learner needs and accelerate student progress.

This workshop continues the district's strategic, transparent approach to review and continuous improvement as outlined in the G-PISD School Board Scorecard and reflects our cadence of accountability. By engaging directly with campuses, students, and instructional models, trustees will see how student support systems align to Priority 1: Exceptional Student Performance and Priority 2: A High-Performing & Engaged Workforce—ensuring that every student has access to the right level of support at the right time to promote growth, access, and long-term success.
