## STUDENT LEADERSHIP COURSE ENROLLMENT AGREEMENT/CURRICULUM ORDER FORM

TASSP/TASC serves as the sponsor of the innovative course Student Leadership. In order for a district and/or campus to offer this course, TEA requires the district and/or campus to work directly with the sponsoring organization to obtain curriculum materials and/or professional development.

Before submitting this agreement, please review the Course Outline and Course Specifications available at [www.TASOnline.org](http://www.TASOnline.org). Completion and submission of this participation agreement to TASSP/TASC is required in order to obtain the course materials and to utilize the PEIMS number. A district and/or campus is not required to work directly with TEA to offer this course to students; registration with TASSP/TASC is sufficient. However, local school board approval is necessary before this course can be offered locally.

A school district may reproduce the Student Leadership curriculum for distribution to various campuses and teachers within the district. If the course is being used by more than one campus/teacher, please attach to this agreement the names and contact information for all who will be teaching this course. Instructors of the course will be required to complete an annual evaluation of the course provided by TASSP/TASC.

By submitting this completed agreement, participants commit to:

1. Select a qualified teacher(s) to teach the course. Teachers selected should meet the following criteria
  - A) Teachers must hold a valid Texas Teaching Certificate.
  - B) Teachers should have a minimum of 2 years successful classroom experience.
  - C) Teachers must be lab-oriented rather than lecture-oriented in their instructional approach.
  - D) Teachers should be flexible and have the ability to affirm and encourage growth in their students.
  - E) Teachers should receive regular appropriate outside training such as Texas Association of Student Councils Advisor Workshops, National Association of Student Councils Fly-In Conferences and/or others.
2. Provide TASSP/TASC with updated instructor information annually.
