Part 2: Question 26: Offenses - Number of Incidents

26. Offenses - Number of Incidents OPTIONAL FOR 2013-14, REQUIRED FOR 2015-16 data

All schools and justice facilities, preschool-grade 12. UG

- Firearm or explosive device** refers to any weapon that is designed to (or may readily be converted to) expel a projectile by the action of an explosive. This includes guns, bombs, grenades, mines, rockets, missiles, pipe bombs, or similar devices designed to explode and capable of causing bodily harm or property damage.
- An **incident** refers to a specific criminal act involving one or more victims and offenders. For example, if two students are robbed without a weapon, at the same time and place, this is classified as two robbery victimizations but only one robbery without a weapon incident.
- Physical attack or fight** refers to an actual and intentional touching or striking of another person against his/her will, or the intentional causing of bodily harm to an individual. Physical attack or fight does not include rape.
- Rape** refers to forced sexual intercourse (vaginal, anal, or oral penetration). This includes sodomy and penetration with a foreign object. Both male and female students can be victims of rape. Rape is not defined as a physical attack or fight.
- Robbery** is taking or attempting to take anything of value that is owned by another person or organization, under confrontational circumstances by force or threat of force or violence and/or by putting the victim in fear. A key difference between robbery and theft/marcany is that robbery involves a threat or assault.
- Sexual assault** is an incident that includes threatened rape, fondling, indecent liberties, or child molestation. Both male and female students can be victims of sexual assault. Classification of these incidents should take into consideration the age and developmentally appropriate behavior of the offender(s).
- A **threat** refers to an act where there was no physical contact between the offender and victim but the victim felt that physical harm could have occurred based on verbal or nonverbal communication by the offender. This includes nonverbal threats (e.g., brandishing a weapon), and verbal threats of physical harm which are made in person. Threats made over the telephone or threatening letters are excluded.
- A **threat of physical attack with a weapon** includes displaying, brandishing, or discharging a weapon, but with no actual physical contact of any person. A threat is made in person. Threats made over the telephone or threatening letters are excluded. A threat of physical attack using words that refer to a weapon would not be considered a threat with a weapon.
- A **threat of physical attack without a weapon** refers to a threat without any display, brandishment, or discharge of a weapon, and with no actual physical contact of any person. A threat is made in person. Threats made over the telephone or threatening letters are excluded. A threat of physical attack using words that refer to a weapon would be considered a threat without a weapon.
- A **weapon** is any instrument or object used with the intent to threaten, injure, or kill. This includes look-alikes if they are used to threaten others.
