DATE: June 7th, 2019
TO: Finance Committee
FROM: Eric Vanderveer, I.T. Director
SUBJECT: Control Solutions Renewal

The HVAC system, by Control Solutions, we use to monitor and control for the county will need to have an annual maintenance purchased to keep up with patches and firmware updates. This is a must for security reasons. This was not known to us until recently. The cost for one year will be \$900, it gets cheaper the more years you buy upfront but with budget constraints we will get this year and then budget for more years come budget time. The city is now working with Control Solutions and since we can collaborate on this they will pay half of the cost which I will invoice them for. The cost will come out of my supplies line of 101-958-727 Revenue from the city's invoice will go into 101-958-677.000

Thank you
