RE: Tutoring and December SATP2 Retest Update Report

The purpose of this memorandum is to provide an update on tutoring for students retesting on the Subject Area Testing Program (2) in December.

- 31% of the students retesting in December passed the test vs. 8% of the untutored students.
- 83.75 hours were spent tutoring during the school day
- Costs for January tutoring was \$2,010.00

Tutoring is helping our at-risk students to pass the high stakes tests in order to graduate. We need to continue these tutoring programs and expand them to reach more students.
