### **REGULATION**

#### **DETENTION OF STUDENTS**

Teachers may keep students after school to make up work or for disciplinary reasons. The names of students to be kept after school will be reported to the District office not later than 1:00 p.m. each day.

Students may be kept after school only if prior notice has been given to their parents, and only on days when the District provides a late bus. Teachers are responsible to see that all students are released in time to board the late bus.
