MEET OUR STAFF

ASHLEY BARELA

Hello! I am Ms. Barela! I moved to Oregon almost a year ago from Idaho. I have a Bachelor's degree in History and I am working on my Master's degree in Special Education. This is my first year teaching! Prior to teaching, I worked as a special education assistant for more than 10 years. I also have a background as a historian, historic preservation, and archaeology; I worked on an ancient site in Northern Italy. I have lived in a few different countries, my favorite being Italy. In my spare time, I enjoy rock climbing and playing ice hockey. I have played ice hockey for over 20 years. I am glad I was chosen for the October newsletter, since Fall and Halloween are the most wonderful times of the year!

LBMS Families,

October is the month our 21st Century after school classes get into full swing. This is the second year we will be offering fun and exciting activities for students to participate in. Last year was a great success! Returning courses this year are Yearbook class, where the students design the school year book with the guidance of Miss Erika, that will be issued this June. The very popular 3D printing is also back. We have a few new classes being offered right now...Viking Times newspaper class with Mr. Jensen looks to be a popular choice. Students will write and design the school newspaper, including the layout and artwork. Puppetry with Mrs. Monet Talty has already created a positive buzz around our school. There are plans for other classes like sewing, cooking, and crafts. Our classes will once again be overseen by Tabatha Siemer, our LBMS Computer Tech, who did a great job last year.

We hope all our LBMS students to come out and participate in these wonderful offerings. Activity busses home are available. If you have questions, please call the office and we can get you the answers you need. I look forward to seeing what our kids will be creating, and hope you will encourage your student to sign up.

Mr. Polen

INTOUCH

InTouch is used to send out important messages about school closures and school events. When you get an automated call from LBMS using this program, it is important to say "Hello" as this triggers the message to start. If you have voicemail, it will leave a message. Please listen to the message in its entirety, then call the school for any unanswered questions. If you have an email on file with LBMS, we often send emails as well. InTouch is also used for attendance calls. If your student has been marked absent in any class, the system will call you to make you aware of this absence. Please listen to the message in its entirety before calling the school.

FROM THE
OFFICE
STAFF...

If your child needs to change their method of transportation home, please remind them to stop by the office before classes, or during their lunch. After the final bell is a very hectic time, and requests will not be processed then. If your child wants to ride a different bus home so that they may hang out with a friend, please have a note from BOTH child's parents, and turn them into the office at the times listed above...Thanks!

From the LBMS library:

Thanks to everyone who came out and supported your LBMS library by purchasing books and other merchandise from the Scholastic Book Fair! We had our best fair so far, and thanks to our LBMS families, we will be able to purchase a bunch of new titles and supplies for the library. I really appreciate everyone who stopped by, both during school hours and during Back to School Night!

The Oregon Battle of the Books, or OBOB, is a statewide voluntary reading motivation and comprehension program sponsored by the Oregon Association of School Libraries in conjunction with a Library Services and Technology Act grant. Students in 3rd - 12th grade, regardless of ability, are exposed to quality literature representing a variety of literary styles and viewpoints. The mission is to encourage and recognize students who enjoy reading, to broaden their reading interests, to increase reading comprehension, promote academic excellence, and to promote cooperative learning and teamwork among students.
