Dear Panel Members:

It is my sincere pleasure to submit this letter in support of the Winslow Community Center Association as it applies to the Arkansas Department of Education to establish the Winslow Community School. I am writing to express my full support for this application.

The Winslow Community School will offer K-12 students a grounded education that focuses on promoting academic excellence and developing productive citizens. This endeavor has community support and will be an opportunity for students to attend a school that embraces both technology and the area's agricultural heritage.

Thank you for your time and attention in this matter. Respectfully, I would ask you to give this application every consideration. If I can be of further assistance, please do not hesitate to contact me.

Sincerely,

A handwritten signature in blue ink, appearing to read "Bob Ballinger".

To Whom It May Concern:

I'm honored to support the efforts of those seeking to increase educational options in Northwest Arkansas through the formation of open-enrollment charter schools. I believe that the education of our nation's children is the foundation for success in a global marketplace. Some of our state's best public schools are in Northwest Arkansas, and I am a proud supporter of them. However, this region is also fortunate to contain a number of alternatives, and I believe it is important that parents have the opportunity to place their children in an environment they believe is best suited for their academic training.

Specifically, it is a pleasure to express my support for the charter school application submitted by Winslow Community Center Association (WCCA) for the Winslow Community School. Winslow Community School would provide an additional option unique to the area in its educational philosophy, which emphasizes rural roots, a heritage of self-sufficiency and a synthesis of the local agrarian environment with a world connected by 21st century technology. I respectfully ask that the WCCA application be provided all full and fair consideration along with any other application submitted from Northwest Arkansas.

Sincerely,

A handwritten signature in blue ink, appearing to read "Steve Womack". The signature is stylized with a wavy, horizontal line at the end.

To Whom It May Concern:

I whole heartedly support Winslow, Arkansas having a charter school.

Parents definitely need another choice for educating their children. Since Winslow Public Schools were annexed to Greenland, some students spend two hours or more riding a school bus daily.

The Winslow Community has always supported their schools. As their Justice of the Peace and a former school teacher in the Winslow School District, I feel a charter school will be very successful. The school would also give South Washington County an economic boost.

Sincerely,

Ann Harbison

Dear WCCA,

I am excited to hear that your organization is applying for a Charter school in Winslow. My husband was a student there when he was a child.

I have 2 children that attend Greenland Elementary. The school bus stops about ¼ mile from my house. The morning bus that takes them to school runs at 6:40 and returns with them at about 4:30. They are the first ones on, and the last ones off. Because of the extended time spent on the bus, I have elected to drive my children to school and pick them up. Three hours each day on a bus is too much!

My home is 20 miles from the Greenland Elementary school. It is 5 miles from the proposed Winslow School. This would be much better travel time for my children, as well as getting their education in their own community.

I am in favor of a school at Winslow, for my own children, and countless others who would benefit from our own Community School.

Thank you for your consideration.

Respectfully yours,

Jessica Glasscock

This is a statement listing the other items that will be on file at the Charter office,
that are not included in the application.

1. Five (5) pages of our petition of community support for a charter school with a total of 113 signatures.
2. Five (5) pages of our town hall attendees that total 86 signatures.
3. One letter from a parent, Heather Center, regarding how long her children ride the bus.
4. Letter from APSRC in
inviting us to apply for a subgrant for our proposed charter.

OPEN-ENROLLMENT PUBLIC CHARTER SCHOOL
STATEMENT OF ASSURANCES**

The signature of the President of the Board of Directors of the proposed public charter school's sponsoring entity certifies that the following statements are and will be addressed through policies adopted by the sponsoring entity and policies to be adopted by the public charter school; and, if the application is approved, that the sponsoring entity, governing body, administration, and staff of the open-enrollment charter shall abide by them.

1. The information submitted in this application is true to the best of my knowledge and belief, and this application has been sent to the superintendent of all the districts from which we expect to draw students.
2. The open-enrollment public charter school shall be open to all students, on a space-available basis, and shall not discriminate in its admission policy on the basis of gender, national origin, race, ethnicity, religion, disability, or academic or athletic eligibility, except as follows: the open-enrollment public charter school may adopt admissions policies that are consistent with federal law, regulations, or guidelines applicable to charter schools. The charter may provide for the exclusion of a student who has been expelled from another public school district.
3. The open-enrollment charter school shall hold an annual random and anonymous public lottery, followed with notifying parents of enrollment status for all applicants. The waiting list generated by the lottery will be maintained for one year.
4. In accordance with federal and state laws, the open-enrollment public charter school hiring and retention policies of administrators, teachers, and other employees shall not discriminate on the basis of race, color, national origin, creed, sex, ethnicity, sexual orientation, mental or physical disability, age, ancestry, or special need.
5. The open-enrollment public charter school shall operate in accordance with federal laws and rules governing public schools, applicable provisions of the Arkansas Constitution, and state laws and regulations governing public schools not waived by the approved charter.
6. The open-enrollment public charter school shall not use the moneys that it receives from the state for any sectarian program or activity, or as collateral for debt.

However, open-enrollment public charter schools may enter into lease-purchase agreements for school buildings built by private entities with facilities bonds exempt from federal taxes under 26 USCS 142(a) as allowed by Ark. Code Ann. § 6-20-402. No indebtedness of an open-enrollment public charter school shall ever become a debt of the State of Arkansas.

7. The open-enrollment public charter school shall not impose taxes or charge students tuition or fees that would not be allowable charges in the public school districts.

15. Should the open-enrollment public charter school voluntarily or involuntary close, the applicant confirms the understanding that any fees associated with the closing of the school including, but not limited to, removal of furniture, equipment, general expenses, etc., are the sole responsibility of the sponsoring entity. No indebtedness of any kind incurred or created by the open-enrollment public charter school shall constitute an indebtedness of the state or its political subdivisions, and no indebtedness of the open-enrollment public charter school shall involve or be secured by the faith, credit, or taxing power of the state or its political subdivisions. Upon dissolution of the open-enrollment public charter school or upon nonrenewal or revocation of the charter, all net assets of the open-enrollment public charter school, including any interest in real property, purchased with public funds shall be deemed the property of the state, unless otherwise specified in the charter of the open-enrollment public charter school. If the open-enrollment public charter school used state or federal funds to purchase or finance personal property, real property or fixtures for use by the open-enrollment public charter school, the authorizer may require that the property be sold. The state has a perfected priority security interest in the net proceeds from the sale or liquidation of the property to the extent of the public funds used in the purchase.
