

**School Board Meeting:**

**June 23, 2014**

**Subject:**

**2014 School District Census**

**Presenter:**

**Kim Carlson**

---

**SUGGESTED SCHOOL BOARD ACTION:**

Approval of 2014 School District Census.

**DESCRIPTION:**

The School Board approves an updated district census population annually. The census must be approved and updated with the Minnesota State Demographer's office by July 1 each year. The new census population figure for 2014 is estimated at 32,261. This is an increase of 156 people from the 2013 report. This will increase revenue to Community Education by approximately \$1,300.

The 2014 update was completed according to the same methodology used in previous years and was sent to Susan Bower, Minnesota State Demographer to be approved.
