## Ms. Jennifer's School Counseling Office

Happy December!

In November we continued to work on skills for learning: focused attention, listening, following directions, being assertive, respect and more. Additionally, we continued developing using our 'tools' (Breathing, Listening & Words) to help in solving problems and staying in the green zone.

In December we will continue focusing on skills needed for learning.: perspective taking, accepting differences, empathy, positive self talk to name a few. Additionally, we will continue to incorporate our 'Words Tool' one of the innate tools we have within ourselves to help us with emotional regulation, skills for learning, social responsibility and problem solving, "Using our words tool" reminds us to use our words in the right, way at the right time, for the right reason, to others AND yourself. Remembering to use our words in a way that will be helpful instead of hurtful is aids in the ability to problem solve with others when there is a conflict. It is also a great reminder to speak to ourselves (self talk) in a way that we would speak to a friend - with kindness and empathy.

If you have any questions or concerns about your student feel free to contact me. You can also fill out a [counseling form espanol](#) to request a meeting.

We are in great need of parent help to run the shop. If interested in volunteering email Ashley at [aferber86@gmail.com](mailto:aferber86@gmail.com)

Every year the main focus of the parent council is to raise money for school supplies. On average we spend around \$4,000.
