## Superintendent's School Board Report – September 16, 2024

“We are here to help our Students.....  
Navigate Challenges With Grace, Prepare For Their Futures and Anchor Themselves In Our Community.”

### CORRESPONDENCE

**Curry County Hwy 101 Property (Burn Piles across from PHS)** – I've been in contact with the county to share that either Thanksgiving or Christmas break works best for this work to be completed to minimize the air quality impact on PHS students and staff. I will also be working with the County and the Rotary Club to develop a replanting plan, and how our students and school programs can be involved, for the “Nature Trail” portion of the property

### BOARD

**Aaron's Work** – Aaron is working on wrapping up our facility improvement projects, working on beginning of the school year reporting and preparation, meeting with Principals and other District Leaders to determine arising needs now that our students (old and new) have arrived, and meeting with community members (mostly from the Rotary Club) on what initiatives the District can support and partner on for the benefit of our students and staff.

**Individual Board Member/Superintendent Meetings:** Please set a time.

**Strategic Plan Draft** – This is still in process. I should have an update following our next Community Engagement meeting on Tuesday, November 12.

### STUDENTS/ACADEMICS

**Cell Phones** – As shared, Mr. Brown will be implementing a no cellphone policy at PHS.

**Enrollment** – Our initial number at press time was at 241. This is very close to our estimated enrollment of 245 submitted to the state.

### STAFF

**Professional Development** - Teachers will be working on individual classroom needs and preparation for the first two Fridays of PD. During inservice we continued our district-wide work on our maxims and developing our “Shared Vision for (Student Life) Readiness.” This work will be their focus on 7-8 Fridays throughout the year.

### BUDGET

**Kindergarten** – There may be need to adjust our staffing to address our higher than normal enrollment in Kindergarten. Mr. Miller should have an update on this at the mtg.

### FACILITIES

**Curry County Teacher Housing Proposal** – See above in correspondence.
