

## HVAC Unit Service Agreement with Halvorson Trane

### **Background:**

Our rooftop heating, ventilation, and air conditioning (HVAC) units require ongoing inspection and maintenance by trained professionals.

Last year, using federal COVID dollars intended to upgrade the ventilation systems of public schools, the board upgraded the HVAC systems of both buildings and put them both under the same system with Trane

We now have a contract with Halvorson Trane for both our Jacobson Elementary building, and our secondary building. The agreement needs annual renewal.

*The two **contracts** are available for viewing under the **EXTRAS** tab of BoardBoard. They have been omitted from the main board materials due to their length and volume.*

### **Recommended Action:**

I recommend the board move to approve the one-year service agreements with Halvorson Trane.
