Mar 5-9 – Education Diagnostician Week

B. Influenza

Aledo ISD has reached out to offer condolences to Weatherford ISD related to the young teacher who passed away from influenza. I offered whatever resources they may need that we possess. Dr. Hanks thanked us and, at that time, took the offer under advisement. It is such a terrible loss to that District, Ikard Elementary and to her precious young family.

We have been closely monitoring confirmed cases of the flu for several weeks. Through Tuesday, February 13th, the numbers have been trending downward. The reports come to me reporting two things. 1) The number of confirmed, tested cases of influenza based on a doctor visit and, 2) parents who report to staff their child is absent with “flu-like” symptoms.

Across the entire District we have trended as follows:

Week	Confirmed Flu	Flu-like Symptoms
18 – Dec	24	37
5 – Jan	27	52
8- Jan	81	171
15 – Jan	82	137
22 – Jan	67	152
29 - Jan	70	92
6 - Feb	36	40
13 – Feb	15	23

C. Reminder to Vote

I will be bringing remarks related to the upcoming primary and general election. The focus will be on the relationship between this election and public education in our District and Texas.

D. Recent Florida School Shooting

I will be bringing comments regarding the recent school tragedy.
