

Glendale & Big Sky Colony Schools

September Board Report

Submitted by: Rebecca Rappold, Principal

The Big Sky and Glendale School teachers were busy during the BPS Teacher Orientation days, August 15-17. We held a school year planning session with all school staff to plan the master schedule for the 23-24 SY, as well as review procedures, lesson planning, and staff and student expectations. Again, this year we have a full staff of teachers and are excited to be working together for a 2nd year. Big Sky School has an enrollment of 25 students this year and Glendale has 12.

BIG SKY COLONY SCHOOL

We started the school year with ice cream with the principal. Thank you Rebecca! What a great way to start the year. We did an art project showing the students a perfect view from their window. What a great insight into their preferences. We have begun working on a study of the states. It is an ongoing project that we will work on all year. The older students are doing most of the research and then sharing the information with the younger students. The younger students made their own art after hearing the book The Dot. They turned a simple dot on their paper into something creative. We have had a 99.5% attendance rate
