

What's new in Family and Consumer Science??

- We're bringing more of the **CONSUMER** into our classroom.

- <https://www.facebook.com/attn/videos/1079636055405186/>

We're bringing Career Readiness into our classes:

- Exploration of careers
- Personality trait test
- Guest Speakers
- Analysis of short term goals and long term goals

-
- Job applications
 - Personal references
 - Interviews
 - Working with Jr. Achievement
 - College guest speakers
 - Budgeting a household, car and insurance
-

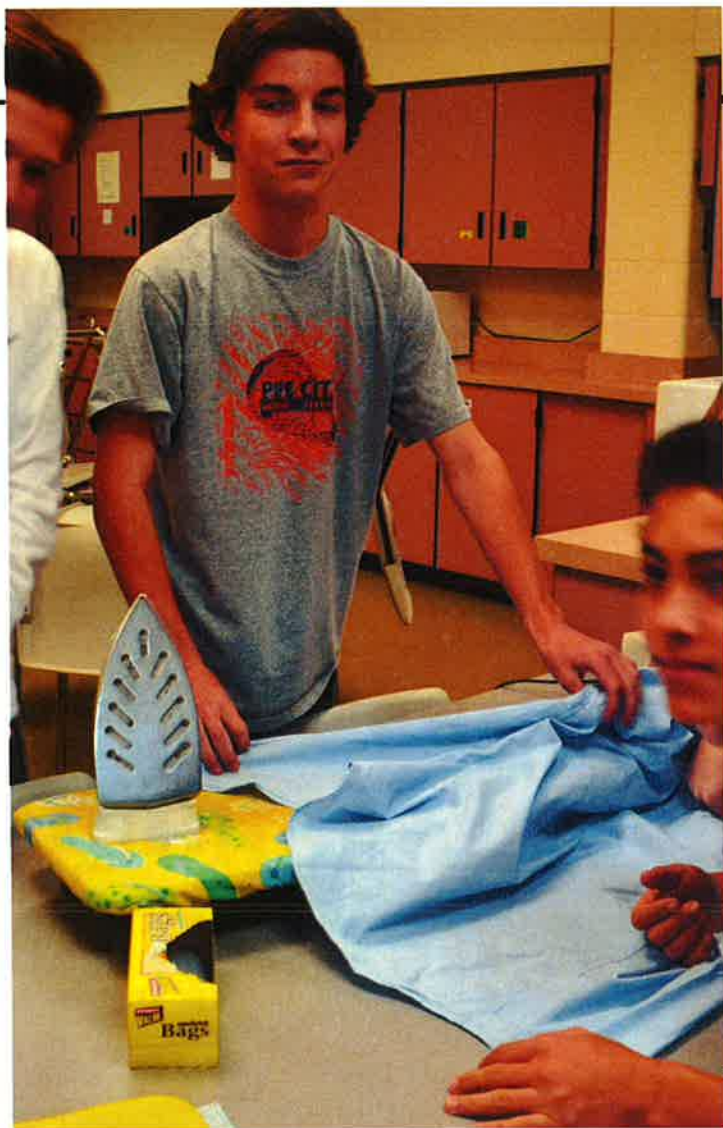

We are bringing Real Life Skills into our classes

- Balancing accounts
 - Using debit cards
 - Challenges of credit cards
 - Online safety
-

Thanks to the support of this community we are offering the following culinary classes

- Kitchen and food safety in FCS 7
 - Nutrition and healthy eating in 8th Gr. Skills for Life
 - Nutrition and meal presentation in Culinary 101
 - Culinary 1 & 2 (HS)
 - Baking and Pastries
-

Testimonials

Student to parent, “Did you remember to salt the Pasta Water?”

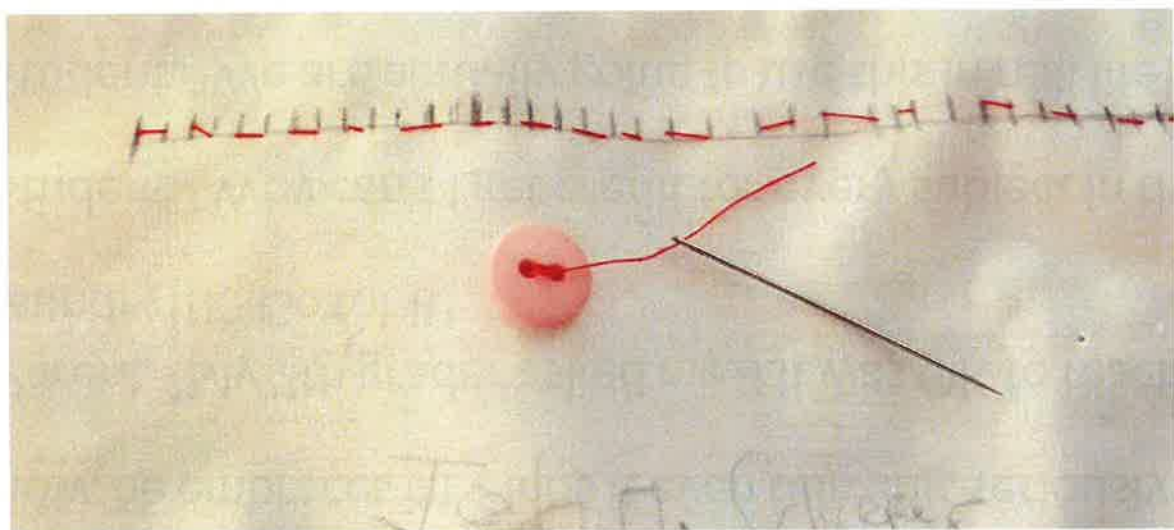

Parent, “Before your 7th grade class, my son was looking afraid to do dishes by hand, now, he embraces it! Finds it even relaxing, seriously!”

Parent, “My 7th grader asked me if it was OK to teach her older brother how to do laundry!!!” Go for it!

Student, “Why can’t I get credit for every subject in this class?”

Student, “We are actually going to use this in real life!”

Parent, “ My daughter never ate asparagus, now asks me to buy some for her to roast!”

Thank You for allowing us to
continue to prepare our
Mahtomedi students as they
become successful,
independent individuals.
We love working with them-
