## School Entrance - Kindergarten/First Grade

### Kindergarten Entrance

Any child whose fifth birthday falls on or before September 1, may enter kindergarten at the opening of the same year.

When parents or guardians move into the district from another state or area where their child was enrolled in kindergarten, their child may be enrolled in this district if the child has been in regular attendance in the former district prior to the move.

When parents or guardians who reside in the district enroll their underage child in a private or parochial school for a short period of time in an obvious effort to avoid this policy concerning age of entrance, the child will not be permitted to transfer into the Morrow County schools during the current school year.

### First Grade Entrance

Any child whose sixth birthday falls on or before September 1 may enter the first grade at the opening of the same year.

When parents or guardians move into the Morrow County School District from another state or area where younger children are allowed to enroll in the first grade, their child may be enrolled in this district if the child has been in regular first grade attendance in the former district prior to the move.

When parents or guardians who reside in the Morrow County School District enroll their underage child in a private or parochial school for a short period of time in an obvious effort to avoid this policy concerning age of entrance, the child will not be permitted to transfer into the Morrow County schools during the current school year.
