**Development of Board Goals for 2022/23**

Mr. Combe reviewed the proposed goals discussing important aspects of each goal with the board.

**Goal 1:** During the 2022-23 school year, all Morrow County School District students will demonstrate academic achievement growth proportionate to or above their Oregon peers using a variety of measures. Students are expected to grow academically a minimum of one year at every grade level, in preparation for graduation.

**Goal 2:** Develop and foster strong communication practices that support the district's mission and goals with all stakeholder populations. MCSD will strive to build trust and improve partnerships with communities, including parents, business, civic and cultural groups. MCSD will continue to work with families and community partners to emphasize the effect attendance has on student learning.

**Goal 3:** Collaboration with county and regional partners to further provide innovative learning opportunities for students.

**Goal 4:** Maintain a strong financial management plan that supports staying current with state and federal funding trends. Continue to strengthen culture and climate in buildings to further support staff retention. Continue to improve upon current infrastructure and address future needs through bond planning process.

After discussion and review, adjustments were made to the goal #4 to address culture and climate in buildings, and staff retention. The 2022/23 Board Goals will be presented at the Board meeting for adoption.

**Board Vacancy – Position 7**

The district will proceed with advertising the board vacancy in both newspapers and the district webpage, and social media.

**Bond Planning**

The Board discussed how best to proceed with the Bond. The board feels that figuring out why it did not pass would benefit the district in deciding when to go out for the Bond and the amount we will propose.

Work session adjourned at 6:45 p.m.

Respectfully submitted:
