

February 20, 2025

### **Food Service Building Report**

The Food Service Program total meals served to students for January 2025 are below (19 days )

**Breakfast: 13,229 meals**

**Lunches: 21,919 meals**

**Supper Program: 623 meals**

The kitchens will have a freezer/cooler clear-out at the end of February.

The Supper Program under the Child and Adult Care Food Program (CACFP) has been in operation since October 21st. We are encouraging the sports/clubs/ recreational activities to utilize the program to ensure the students have a supper meal. The supper site supervisor position has been filled. The new supervisor has been doing a fantastic job and has been working on increasing the number count for the program and has implemented "movie night" every Friday.

The Ware house has been working very hard daily to carry out their daily operations including the assistance they provide for the school kitchens, food deliveries, and mail.

The food service program does have vacancies; (1) assistant cook at BHS kitchen., and (3) assistant cook at Napi kitchen. We had (1) resignation.

The county sanitarian will be starting the second round of inspections for all kitchens very soon.

At this time, the copy center clerk has been extremely busy with copy orders in preparing for the upcoming events and getting orders complete.

The food service program will be collaborating with the USDA Team Nutrition Grant which will allow BPS to Collaborate with FAST Blackfeet and the USDA Nutrition Team (Molly Stenburg,-MSU, Jay Stagg-Farm to School). This grant will assist with incorporating the indigenous foods, teas, and farm to school activities in to the food service program. The first training is scheduled for April 1, 2025.

The food service program looks forward to feeding the kids and happy tummies!

Attached are the reimbursements for January 2025 for the school meals, and the Supper Program (CACFP).

Dalaina Grant  
Child Nutrition/Food Service Director
