**Summary:** **In accordance with Texas Education Code (TEC) §31.1011, local school systems are required to annually certify to the State Board of Education (SBOE) and TEA commissioner that students have access to instructional materials covering all Texas Essential Knowledge and Skills (TEKS) for**

---

all required subjects, except physical education.

Additionally, school systems are required to certify that they protect against access to obscene or harmful content in compliance with the requirements for certification under the (i) the Children's Internet Protection Act (Pub. L. No. 106-554); (ii) TEC, Section 28.0022; (iii) Section 43.22, Penal Code; and (iv) any other law or regulation that protects students from obscene or harmful content. The Certification 2026–27 Survey includes a section for school systems to certify they meet this requirement.

---

**Background Information:** The Certification of Provision of Instructional Materials is an annual required process formerly known as the TEKS Certification Process. Districts will be unable to order instructional materials through the EMAT system (Education Materials System) until the certification has been ratified by the local School Board at an open meeting, and the signed certification is then submitted and received by the Texas Education Agency (TEA).
