Supervision Under IDEA	In exercising its general supervision authority under 34 C.F.R. sections 300.149 and 300.600, TEA has established a process that provides for the investigation and issuance of findings regarding credible allegations of violations of the Individuals with Disabilities Education Act (IDEA), Part B, or a state statute or administrative rule created to implement IDEA, that arise from an area of concern. The following guidelines shall apply to this process.
Definitions	"Area of concern" means that TEA has been made aware of an allegation regarding a violation of, or noncompliance with, a requirement of IDEA, Part B, or a state special education law or administrative rule.
	"Credible allegation" means that TEA has determined that an allegation arising from an area of concern is credible enough to investigate further to determine if a violation or noncompli- ance has occurred.
Credibility Determination	Information and awareness of an area of concern may arise di- rectly from TEA or from external sources.
	TEA will engage in a process to determine if an area of con- cern is determined to be a credible allegation, and, if deter- mined credible, TEA will initiate an investigation to determine if findings of noncompliance will be issued.
	TEA will generally not engage in the process described below to determine if an area of concern is a credible allegation if it is a media report, social media post, or an anonymous report, unless TEA receives corroborating information and facts that a specific violation of state or federal law or rule has occurred if the allegation were to be confirmed true.

	tior zati pen alle	en an individual or organization reports a special educa- a area of concern, TEA may direct the individual or organi- on to the established dispute resolution processes. De- ading on the frequency or specificity of the type of gation made, TEA may engage in a process to determine dibility of the allegation.
Process		process to determine if an area of concern is a credible al- ation may include one or more of the following actions:
	1.	Reviewing existing citations of noncompliance or any noncompliance identified within the last two school years on the same or similar alleged violation;
	2.	Reviewing filed state complaints that are in process of being investigated or that have been substantiated within the last two school years on the same or similar alleged violation;
	3.	Reviewing due process hearing decisions issued within the last two years in which the hearing officer's final writ- ten decision contains a finding of noncompliance on the same or similar alleged violation;
	4.	Gathering evidence from groups that represent or advo- cate for families and communities served by the district;
	5.	Reviewing and analyzing available student- or district- level data that relate to the alleged violation;
	6.	Reviewing and analyzing fiscal and program information, such as grant applications, contracts, self-assessments, and other special education documents submitted to TEA by the district; and
	7.	Any other activity or measure used to gather evidence within TEA's general supervision and monitoring author- ity.
	sulf sch que	e investigation to determine if a credible allegation will re- t in the issuance of findings will include contacting the ool district that is the subject of the allegation and re- esting a response from the school district. Additional inves- tive actions may include one or more of the following:
	1.	Conducting interviews with the district, staff, parents, or students;
	2.	A referral for review or investigation by any other appro- priate unit or division within TEA;

	3. Utilizing the review and analysis of the activities con- ducted during the review process in this provision to de- termine if noncompliance is found; and
	4. Any other activity or measure within TEA's general super- vision and monitoring authority.
Intervention and Sanction	TEA may apply any intervention or sanction within its author- ity if noncompliance or a violation is substantiated, including those described in 19 Administrative Code 89.1076 [see AIC].

	information and other types of information. This also in- cludes information the federal awarding agency or pass- through entity designates as sensitive or other information the district considers sensitive and is consistent with applica- ble federal, state, local, and tribal laws regarding privacy and responsibility over confidentiality.
	2 C.F.R. 200.303
	"Internal control" for districts means processes designed and im- plemented by districts to provide reasonable assurance regarding the achievement of objectives in the following categories:
	1. Effectiveness and efficiency of operations;
	2. Reliability of reporting for internal and external use; and
	3. Compliance with applicable laws and regulations.
	2 C.F.R. 200.1
Competition	All procurement transactions for the acquisition of property or ser- vices required under the federal award must be conducted in a manner that provides full and open competition and is consistent with the standards of 2 C.F.R. 200.319 and 200.320 (Methods of procurement to be followed).
	To ensure objective contractor performance and eliminate unfair competitive advantage, contractors that develop or draft specifications, requirements, statements of work, or invitations for bids or requests for proposals must be excluded from competing on those procurements.
	The district must conduct procurements in a manner that prohibits the use of statutorily or administratively imposed state, local, or tribal geographical preferences in the evaluation of bids or pro- posals, except in those cases where applicable federal statutes ex- pressly mandate or encourage geographic preference. Nothing in this provision preempts state licensing laws. When contracting for architectural and engineering services, geographic location may be a selection criterion provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.
	The district must have written procedures for procurement transac- tions. These procedures must ensure that all solicitations meet the requirements of 2 C.F.R. 200.319(d). [See Procurement Standards, above]

	The district must ensure that all prequalified lists of persons, firms, or products which are used in acquiring goods and services pro- curement transactions are current and include enough qualified sources to ensure maximum open and free competition. Also When establishing or amending prequalified lists, the district must consider objective factors that evaluate price and cost to max- imize competition. The district must not preclude potential bid- ders from qualifying during the solicitation period.
	To the extent consistent with established practices and legal requirements applicable to the district, 2 C.F.R. Part 200, Sub- part D does not prohibit districts from developing written pro- cedures for procurement transactions that incorporate a scor- ing mechanism that rewards bidders that commit to specific numbers and types of U.S. jobs, minimum compensation, ben- efits, on-the-job-training for employees making work products or providing services on a contract, and other worker protec- tions. Subpart D also does not prohibit districts from making inquiries of bidders about these subjects and assessing the responses. Any scoring mechanism must be consistent with the U.S. Constitution, applicable federal statutes and regula- tions, and the terms and conditions of the federal award.
	Noncompetitive procurements can only be awarded in accordance with 2 C.F.R. 200.320(c).
	2 C.F.R. 200.319
Procurement Methods	The district must haveFor informal procurement methods (for micro-purchases and simplified acquisitions), formal procurement methods (through sealed bids or proposals), and non- competitive procurement methods, the district must maintain and use documented procurement procedures, consistent with the standards of 2 C.F.R. 200.320 and 200.317 (Procurements by states), 200.318 (General procurement standards), and 200.319 (Competition) for any of the following methods of procurement used for the acquisition of property or services required under a federal award or sub-award.). 2 C.F. R. 200.320
Informal Procurement Methods for Small Purchases	These procurement methods expedite the completion of trans- actions, minimize administrative burdens, and reduce costs. Informal procurement methods may be used when the value of the procurement for property or servicestransaction under the fed- eral award does not exceed the simplified acquisition threshold, as defined in 2 C.F.R. 200.1, or a lower threshold established by a dis- trict, formal procurement methods are not required. The district may use informal procurement methods to expedite the completion of its transactions and minimize the associated administrative bur- den and cost. The informal methods used foralso establish a

	lower threshold. Informal procurement of property or services at or below the simplified acquisition threshold methods include:
Micro- Purchases — Definitions	"Micro-purchase" means a purchase of an individual procurement transaction for supplies or services, the aggregate amount of which does not exceed the micro-purchase threshold. Micro-pur- chases comprise a subset of a district's small purchases as define- dusing informal procurement methods as set forth in 2 C.F.R. 200.320.
	"Micro-purchase threshold" means the dollar amount at or below which a district may purchase property, or services using micro- purchase procedures. Generally, except as provided below , the micro-purchase threshold for procurement activities administered under federal awards is not to exceed the amount set by the Fed- eral Acquisition Regulations (FAR) at 48 C.F.R. Part 2, Subpart 2.1 [see below], unless a higher threshold is requested by the district and approved by the cognizant agency for indirect costs.
	2 C.F.R. 200.1
	Micro-purchase threshold means \$10,000, except as provided by 48 C.F.R. 2.101. <i>48 C.F.R. 2.101</i>
Micro- Purchase Distribution	The acquisition of supplies or services, The aggregate dollar amount of which the procurement transaction does not exceed the micro-purchase threshold. Micro- Purchase Awards	Micro-purchases may be awarded without soliciting competitive price or rate quotations if the district considers the price reasonable based on research, experience, purchase history, or other infor- mation; and maintains documents it files accordingly.to support its conclusion. Purchase cards canmay be used as a method of payment for micro-purchases if procedures are documented and approved by the district. 2 C.F.R. 200.320(a)(1)(ii)
Micro- Purchase Thresholds	The district is responsible for determining and documenting an appropriate micro-purchase threshold based on internal controls, an evaluation of risk, and its documented procurement procedures. The micro-purchase threshold used by the district must be authorized or not prohibited under state, local, or tribal laws or regulations. Districts may establish a threshold higher than the federal threshold established in the FAR in accordance with 2 C.F.R. $200.320(a)(1)(iv)$ and (v). 2 C.F.R. $200.320(a)(1)(iii)$
	Districts may establish a threshold higher than the micro-purchase threshold identified in the FAR in accordance with the requirements

of 2 C.F.R. 200.320. The district may self-certify a threshold up to \$50,000 on an annual basis and must maintain documentation to be made available to the federal awarding agency or passthrough entity and auditors in accordance with 2 C.F.R. 200.334. The self-certification must include a justification, clear identification of the threshold, and supporting documentation of any of the following:

- 1. A qualification as a low-risk auditee, in accordance with the criteria in 2 C.F.R. 200.520 for the most recent audit.
- 2. An annual internal institutional risk assessment to identify, mitigate, and manage financial risks; or,
- 3. For public institutions, a higher threshold is consistent with state law.

2 C.F.R. 200.320(a)(1)(iv)

Micro-purchase thresholds higher than \$50,000 must be approved by the cognizant agency for indirect costs. The district must submit a request that includes the requirements in 2 C.F.R. 200.320(a)(1)(iv). The increased threshold is valid until there is a changeany factor that was relied on in status in which the justification was approved establishment and rationale of the threshold changes. 2 C.F.R. 200.320(a)(1)(v)

Small Purchases-Simplified Acquisitions — Thresholds

Small

"Simplified acquisition threshold" means the dollar amount below which a district may purchase property or services using small purchase methods. Districts adopt small purchase procedures in order to expedite the purchase of items at or below the simplified acquisition threshold. The simplified acquisition threshold for procurement activities administered under federal awards is set by the FAR at 48 C.F.R. Part 2, Subpart 2.1 [see below]. The district is responsible for determining an appropriate simplified acquisition threshold based on internal controls, an evaluation of risk, and its documented procurement procedures. However, in no circumstances can this threshold exceed the dollar value established in the FAR

Definition of	"Disability" means:	
Disability	 An actual disability: a physical or mental impairment [see definition, below] that substantially limits one or more of an individual's major life activities; 	
	2. A record of having such an impairment; or	
	3. Being regarded as having such an impairment.	
	An impairment that substantially limits one major life activity need not limit other major life activities in order to be consid- ered a disability. An impairment that is episodic or in remis- sion is a disability if it would substantially limit a major life ac- tivity when active.	
"Regarded as" Having an Impairment	An individual meets the requirement of being "regarded as" having an impairment if the individual establishes that he or she has been subjected to an action prohibited by the ADA be- cause of an actual or perceived physical or mental impairment whether or not the impairment limits or is perceived to limit a major life activity.	
Transitory and Minor	The "regarded as" prong of the definition does not apply to impairments that are transitory or minor. A transitory impair- ment is one with an actual or expected duration of six months or less. The "transitory" exception does not apply to the "ac- tual disability" or "record of disability" prongs of the defini- tion.	

Mitigating Measures	The determination of whether an impairment substantially lim- its a major life activity shall be made without regard to the ameliorative effects of mitigating measures, such as medica- tion, medical supplies, low-vision devices, prosthetics, hear- ing aids, mobility devices, oxygen therapy, assistive technol- ogy, or learned behavioral or adaptive neurological modifications.		
	The ameliorative effects of ordinary eyeglasses or contact lenses shall be considered in determining whether an impair- ment substantially limits a major life activity. Ordinary eye- glasses and contact lenses are lenses that are intended to fully correct visual acuity or to eliminate refractive error.		
	42 U.S.C. 12102(1), (3), (4); 29 C.F.R. 1630.2(g), (j)(1); Labor Code 21.002, .0021

	2. Any mental or psychological disorder, such as an intel- lectual disability (formerly termed "mental retardation"), organic brain syndrome, emotional or mental illness, and specific learning disabilities.		
	29 C.F.R. 1630.2(h)

	2. With or without reasonable accommodation, can perform the essential functions of such position. Consideration shall be given to a district's judgment as to what func- tions of a job are essential. A written job description pre- pared before advertising or interviewing applicants for the job is evidence of the job's essential functions.		
	42 U.S.C. 12111(8); 29 C.F.R. 1630.2(m)		
Reasonable Accommodations	A district is required, absent undue hardship, to make a rea- sonable accommodation to an otherwise qualified individual who meets the definition of disability under the "actual disa- bility" or "record of disability" prongs. A district is not re- quired to provide a reasonable accommodation to an individ- ual who meets the definition of disability solely under the "regarded as" prong. 42 U.S.C. 12112(b)(5); 29 C.F.R. 1630.2(o)(4), .9; 29 U.S.C. 794; 34 C.F.R. 104.11; Labor Code 21.128 [See DBB regarding medical examinations and inquir- ies under the ADA]		
	"Reasonable accommodation" includes:		
	 Making existing facilities used by employees readily ac- cessible to and usable by individuals with disabilities; and

Illegal Drugs and Alcohol	The term "qualified individual with a disability" does not in- clude any employee or applicant who is currently engaging in the illegal use of drugs, when a district acts on the basis of such use.
Drug Testing	A district is not prohibited from conducting drug testing of employees and applicants for the illegal use of drugs or mak- ing employment decisions based on the results of such tests.
	42 U.S.C. 12114(c), (d); Labor Code 21.002(6)(A) [See DHE]
Alcohol Use	The term "qualified individual with a disability" does not in- clude an individual who is an alcoholic and whose current use of alcohol prevents the employee from performing the duties of his or her job or whose employment, by reason of such cur- rent alcohol abuse, would constitute a direct threat to property or the safety of others. 42 U.S.C. 12114(a); 29 U.S.C. 705(20)(C); 29 C.F.R. 1630.3(a); 28 C.F.R. 35.104; Labor Code 21.002(6)(A)
Qualification Standards	It is unlawful for a district to use qualification standards, em- ployment tests, or other selection criteria that screen out or tend to screen out an individual with a disability or a class of individuals with disabilities, on the basis of disability, unless the standard, test, or other selection criteria, as used by the district, is shown to be job related for the position in question and is consistent with business necessity. 29 C.F.R. 1630.10(a)
Direct Threat to Health or Safety	As a qualification standard, a district may require that an individual not pose a direct threat to the health or safety of other individuals in the workplace. "Direct threat" means a significant risk to the health or safety of the individual or others that cannot be eliminated by reasonable accommodation. 42 U.S.C. 12111(3); 29 C.F.R. 1630.2(r); Labor Code 21.002(6)(B)
Vision Standards and Tests	A district shall not use qualification standards, employment tests, or other selection criteria based on an individual's un- corrected vision unless the standard, test, or other selection criteria, as used by the district, is shown to be job-related for the position in question and consistent with business neces- sity. 42 U.S.C. 12113(c); 29 C.F.R. 1630.10(b); Labor Code 21.115(b)

Communicable Diseases	A district may refuse to assign or continue to assign an individual to a job involving food handling if the individual has an infectious or communicable disease that is transmitted to others through handling of food. 42 U.S.C. 12113(e); 29 U.S.C. 705(20)(D); 29 C.F.R. 1630.16(e); Labor Code 21.002(6)(B)

[See Reasonable Accommoda- tions, above]
	A district that is not subject to either Title I or Section 504 shall comply with Title II of the ADA (discrimination by public entity). An employer that is subject to Title II shall comply with 28 C.F.R. Part 35, including the requirements relating to ser- vice animals at 28 C.F.R. 35.136 [see FBA]. <i>28 C.F.R. 35.140</i>
Genetic Information Nondiscrimination Act Definitions	For the purpose of compliance with the Genetic Information Nondiscrimination Act (GINA), see 29 C.F.R. 1635.3(c) for the definition of "genetic information."
	"Genetic information" does not include information about the sex or age of the individual, the sex or age of family members, or information about the race or ethnicity of the individual or family members that is not derived from a genetic test.
	29 C.F.R. 1635.3(c)
	[For the definition of "genetic tests" under GINA, see 29 C.F.R. 1635.3(f).]
	A test for the presence of alcohol or illegal drugs is not a ge- netic test. However, a test to determine whether an individual has a genetic predisposition for alcoholism or drug use is a genetic test. 29 C.F.R. 1635.3(f)
Prohibited Practices Discrimination	A district shall not discriminate against an individual on the basis of genetic information in regard to hiring, discharge, compensation, or terms, conditions, or privileges of employment. Notwithstanding the foregoing, a cause of action for disparate impact is not available under GINA. <i>42 U.S.C. 2000ff-1(a); 29 C.F.R. 1635.4</i>
Acquisition	Except as set forth below or otherwise provided in the GINA regulations, a district shall not request, require, or purchase genetic information of an individual or family member of the individual. <i>42 U.S.C. 2000ff-1(b); 29 C.F.R. 1635.8(a)</i>

"Request" includes:

	 Conducting an internet search on an individual in a way that is likely to result in a district's obtaining genetic in- formation; 	
	2. Actively listening to third-party conversations or search- ing an individual's personal effects for the purpose of ob- taining genetic information; and	
	3. Making requests for information about an individual's current health status in a way that is likely to result in a district's obtaining genetic information.	
	29 C.F.R. 1635.8(a)	
Disclosure	A district that possesses genetic information, regardless of how the district obtained the information, shall not disclose the information except as set forth in the GINA regulations. 29 <i>C.F.R. 1635.9(b)</i> [See Confidentiality, below]	
Manifested Condition	A district shall not be considered to be in violation of the GINA regulations based on the use, acquisition, or disclosure of medical information about a manifested disease, disorder, or pathological condition of an employee or member, even if the disease, disorder, or pathological condition has or may have a genetic basis or component. However, genetic information about a manifested disease, disorder, or pathological condition is subject to the requirements and prohibitions of GINA. 29 C.F.R. 1635.12.	
	[For additional information about manifested disease, see 29 C.F.R. 1653.3(g).]	
Inadvertent Acquisition	The general prohibition against requesting, requiring, or pur- chasing genetic information does not apply where a district inadvertently requests or requires genetic information of the individual or family member of the individual. This exception applies in situations where a manager or supervisor learns ge- netic information about an individual by:	
	1. Overhearing a conversation between the individual and others;	
	2. Receiving the information during a casual conversation, including in response to an ordinary expression of concern that is the subject of the conversation. This exception does not apply where a manager or supervisor follows up with questions that are probing in nature, such as whether other family members have the condition or	

		whether the individual has been tested for the conc because the supervisor or official should know that questions are likely to result in the acquisition of ge information;	t these
	3.	Receiving unsolicited information (e.g., where a ma or supervisor receives an unsolicited email about t health of an employee's family member from a co- worker); or	-
	4.	Accessing a social media platform that the manage supervisor was given permission to access by the tor of the profile at issue (e.g., a supervisor and em are connected on a social networking site and the ployee provides family medical history on their page	crea- ployee em-

Requests for Medical Information	If a district acquires genetic information in response to a law- ful request for medical information, the acquisition of genetic information will not generally be considered inadvertent un- less the district directs the individual and/or health-care pro- vider from whom it requested medical information not to pro- vide genetic information [see Safe Harbor, below]. 29 C.F.R. 1635.8(b)(1)(i)(A)		
		ations involving lawful requests for medical informa ude, for example:	tion
	1.	Requests for documentation to support a request for sonable accommodation under federal, state, or loc law;	
	2.	Requests for medical information as required, auth or permitted by federal, state, or local law, such as

	 an employee requests leave under the FMLA to attend to the employee's own serious health condition or where an employee complies with the FMLA's employee return to work certification requirements; or 3. Requests for documentation to support leave that is not governed by federal, state, or local laws requiring leave, as long as the documentation required to support the request otherwise complies with the requirements of the ADA and other laws limiting a district's access to medical information.
	29 C.F.R. 1635.8(b)(1)(i)(D)
Safe Harbor	Any receipt of genetic information in response to a request for medical information shall be deemed inadvertent if a district uses language such as the following:
	"The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, we are asking that you not provide any genetic information when responding to this request for medical in-formation. 'Genetic information,' as defined by GINA, includes an individual's fam- ily medical history, the results of an individual's or family member's genetic tests, the fact that an individual or an indi- vidual's family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual's family member or an embryo lawfully held by an individual or family member receiving assistive reproduc- tive services."
	A district's failure to give such a notice or to use this or simi- lar language will not prevent the district from establishing that a particular receipt of genetic information was inadvertent if the request for medical information was not likely to result in a district's obtaining genetic information (for example, where an overly broad response is received in response to a tailored request for medical information).
	29 C.F.R. 1635.8(b)(1)(i)(B), (C)
Employment Examinations	The prohibition on acquisition of genetic information applies to medical examinations related to employment. A district shall tell health-care providers not to collect genetic infor- mation, including family medical history, as part of a medical examination intended to determine the ability to perform a job.

Remedial Measures	A district shall take additional reasonable measures within its control if it learns that genetic information is being requested or required in medical examinations related to employment. Such reasonable measures may depend on the facts and cir- cumstances under which a request for genetic information was made, and may include no longer using the services of a health-care professional who continues to request or require genetic information during medical examinations after being informed not to do so.
	29 C.F.R. 1635.8(d)
Confidentiality	A district that possesses genetic information in writing about an employee must maintain such information on forms and in medical files (including where the information exists in elec- tronic forms and files) that are separate from personnel files. A district must treat such information as a confidential medi- cal record. A district may maintain genetic information about an employee in the same file in which it maintains confidential medical information under the ADA.
	Genetic information placed in personnel files before Novem- ber 21, 2009, need not be removed. A district will not be liable under the GINA regulations for the mere existence of the infor- mation in the file. However, the prohibitions on use and disclo- sure of genetic information apply to all genetic information that meets the statutory definition, including genetic infor- mation requested, required, or purchased before November 21, 2009.
	Genetic information that a district receives orally need not be reduced to writing but may not be disclosed, except as permitted by 29 C.F.R. part 1635.
	Genetic information that a district acquires through sources that are commercially and publicly available, as provided by 29 C.F.R. 1635.8(b)(4), is not considered confidential genetic information but may not be used to discriminate against an in- dividual.
	29 C.F.R. 1635.9(a)
Disclosure Permitted	A district that possesses any genetic information, regardless of how the district obtained the information (except for genetic information acquired through commercially and publicly avail- able sources), may disclose the information:

	1.	To the employee (or family member if the family member is receiving genetic services) about whom the infor- mation pertains upon receipt of the employee's written request;
	2.	To an occupational or other health researcher if the re- search is conducted in compliance with the regulations and protections at 45 C.F.R. part 46;
	3.	In response to an order of a court. The district may dis- close only the genetic information expressly authorized by the order. If the order was secured without the knowledge of the employee to whom the information re- fers, the district shall inform the employee of the order and any genetic information that was disclosed pursuant to the order;
	4.	To government officials investigating compliance with Ti- tle II of GINA if the information is relevant to the investi- gation;
	5.	To the extent the information is disclosed in support of an employee's compliance with the certification provi- sions of the FMLA or certification requirements under state family and medical leave laws; or
	6.	To a federal, state, or local public health agency, only with regard to information about the manifestation of a disease or disorder that concerns a contagious disease that presents an imminent hazard of death or life-threat- ening illness, provided that the individual whose family member is the subject of the disclosure is notified of such disclosure.
	29	C.F.R. 1635.9(b)
Relationship to HIPAA Privacy Regulations	The GINA regulations do not apply to the use or disclosure of genetic information that is protected health information subject to regulation under the Health Insurance Portability and Accountability Act of 1996 (HIPAA). <i>29 C.F.R. 1635.9(c)</i> [See CRD(LEGAL)]

Adverse Action	It is an unlawful employment practice for a district to take adverse action in terms, conditions, or privileges of employment against a qualified employee on account of the employee requesting or using a reasonable accommodation to the known limitations related to the pregnancy, childbirth, or related medical conditions of the employee. <i>42 U.S.C. 2000gg-1(5); 29 C.F.R. 1636.4(e)</i>
Definitions Known Limitation	"Known limitation" means physical or mental condition re- lated to, affected by, or arising out of pregnancy, childbirth, or related medical conditions that the employee or employee's representative has communicated to the district whether or not such condition meets the definition of disability specified in the ADA (42 U.S.C. 12102).
	"Known," in terms of limitation, means the employee or the employee's representative has communicated the limitation to the employer.

"Limitation" means a physical or mental condition related to, affected by, or arising out of pregnancy, childbirth, or related medical conditions, of the specific employee in question.

42 U.S.C. 2000gg(4); 29 C.F.R 1636.3(a)

Communicated to the Employer	"Communicated to the employer," with respect to a known limitation, means an employee or the employee's representa- tive has made the employer aware of the limitation by com- municating with a supervisor, a manager, someone who has supervisory authority for the employee or who regularly di- rects the employee's tasks (or the equivalent for an applicant), human resources personnel, or another appropriate official, or by following the steps in the district's policy to request an ac- commodation. The communication may be made orally, in writing, or by another effective means. The communication need not be in writing, be in a specific format, use specific words, or be on a specific form in order for it to be considered "communicated to the employer." 29 C.F.R. 1636.3(d)		
Consideration of Mitigating Measures	The determination of whether an employee has a limitation shall be made without regard to the ameliorative effects of mitigating measures. The non-ameliorative effects of mitigat- ing measures, such as negative side effects of medication or burdens associated with following a particular treatment regi- men, may be considered when determining whether an em- ployee has a limitation. 29 C.F.R. 1636.3(e)		
Qualified Employee	The term 'qualified employee' means an employee or applicant who, with or without reasonable accommodation, can perform the essential functions of the employment position, except that an employee or applicant shall be considered qualified if:		
	1. Any inability to perform an essential function is for a tem- porary period, where "temporary" means lasting for a limited time, not permanent, and may extend beyond "in the near future."		
	2. The essential function(s) could be performed in the near future. This determination is made on a case-by-case basis. If the employee is pregnant, it is presumed that the employee could perform the essential function(s) in the near future because they could perform the essential function(s) within generally 40 weeks of its suspension.		
	3. The inability to perform the essential function(s) can be reasonably accommodated. This may be accomplished by temporary suspension of the essential function(s) and the employee performing the remaining functions of their		

	position or, depending on the position, other arrange- ments, including, but not limited to: the employee per- forming the remaining functions of their position and other functions assigned by the covered entity; the em- ployee performing the functions of a different job to which the covered entity temporarily transfers or assigns the employee; or the employee being assigned to light duty or modified duty or participating in the covered en- tity's light or modified duty program.	
	42 U.S.C. 2000gg(6); 29 C.F.R. 1636.3(f)	
Exception	An employee with known limitations related to pregnancy, childbirth, or related medical conditions is not required to accept an accommodation. However, if such employee rejects reasonable accommodation that is necessary to enable the employee to perform an essential function of the position he or desired or to apply for the position, or rejects temporary suspension of an essential function if the employee is qualified under 29 C.F.R. 1636.3(f)(2), and, as a result of that rejection, cannot perform an essential function of the position, or cannot apply, the employee will not be considered "qualified 29 C.F.R. 1636.3(a)(2)	
Reasonable Accommodation	With respect to an employee or applicant with a known limita- tion under the PWFA, reasonable accommodation includes:	
	 Modifications or adjustments to a job application process that enable a qualified application with a known limitation under the PWFA to be considered for the position such qualified applicant desires; 	
	2. Modifications or adjustments to the work environment, or to the manner or circumstances under which the position held or desired is customarily performed, that enable a qualified employee with a known limitation under the PWFA to perform the essential functions of the position;	
	3. Modifications or adjustments that enable a district's em- ployee with a known limitation under the PWFA to enjoy equal benefits and privileges of employment as are en- joyed by its other similarly situated employees without known limitations; or	
	4. Temporary suspension of essential functions and/or modifications or adjustments that permit the temporary suspension of essential functions.	
	42 U.S.C. 2000gg(7); 29 C.F.R. 1636.3(h)	

Unnecessary Delay	An unnecessary delay in providing a reasonable accommoda- tion to the known limitations related to the pregnancy, child- birth, or related medical conditions of a qualified employee may result in a violation of the PWFA even if the covered en- tity eventually provides the reasonable accommodation. In de- termining whether there has been an unnecessary delay, fac- tors to be considered are described in 29 C.F.R. 1636.4(a)(1)(i)- (vii). 29 C.F.R. 1636.4(a)(1)			
Undue Hardship	Undue hardship means, with respect to the provision of an ac- commodation, significant difficulty or expense incurred by a covered entity, when considered in light of the following fac- tors:			
	1.	The nature and net cost of the accommodation needed under the PWFA;		
	2.	The overall financial resources of the facility or facilities involved in the provision of the reasonable accommoda- tion, the number of persons employed at such facility, and the effect on expenses and resources;		
	3.	The overall financial resources of the covered entity, the overall size of the business of the covered entity with re- spect to the number of its employees, and the number, type, and location of its facilities;		
	4.	The type of operation or operations of the covered entity, including the composition, structure, and functions of the workforce of such entity, and the geographic separate- ness and administrative or fiscal relationship of the facil- ity or facilities in question to the covered entity; and		
	5.	The impact of the accommodation upon the operation of the facility, including the impact on the ability of other employees to perform their duties and the impact on the facility's ability to conduct business.		
	42 U.S.C. 2000gg(7); 29 C.F.R. 1636.3(j)			
Temporary Suspension of an Essential Function	If an employee with a known limitation under the PWFA meets the definition of "qualified employee" under this provision and needs one or more essential functions of the relevant position to be temporarily suspended, the covered entity must provide the accommodation unless doing so would impose an undue hardship on the covered entity when considered in light of the factors provided in 29 C.F.R. 1636.3(j)(2)(i) through (v) of this provision as well as the factors described in 29 C.F.R. 1636.3(j)(3)(i)-(vi). 29 C.F.R. 1636.3(j)(3)			

Predictable Assessments	liste a re shij the will are who tior sim	The individualized assessment of whether a modification listed in 29 C.F.R. 1636.3(j)(4)(i) through (iv) of this provision is a reasonable accommodation that would cause undue hard- ship will, in virtually all cases, result in a determination that the four modifications are reasonable accommodations that will not impose an undue hardship under the PWFA when they are requested as workplace accommodations by an employee who is pregnant. Therefore, with respect to these modifica- tions, the individualized assessment should be particularly simple and straightforward: Allowing an employee to carry or keep water near and drink, as needed;		
	2.	Allowing an employee to take additional restroom breaks, as needed;		
	3.	Allowing an employee whose work requires standing to sit and whose work requires sitting to stand, as needed; and		
	4.	Allowing an employee to take breaks to eat and drink, as needed.

Other Forms of Discrimination Military Service	A district shall not deny initial employment, reemployment, reten- tion in employment, promotion, or any benefit of employment on the basis of membership in a uniformed service, performance in a uniformed service, application for uniformed service, or obligation to a uniformed service. A district shall not take adverse employ- ment action or discriminate against any person who takes action to enforce protections afforded by the Uniformed Services Employ- ment and Re-employment Rights Act (USERRA). <i>38 U.S.C. 4311</i> [See also DECB]			
Bankruptcy Discrimination	of, o that bec eral a ba grai cha	A district may not deny employment to, terminate the employment of, or discriminate with respect to employment against, a person that is or has been a debtor under federal bankruptcy laws, solely because the bankrupt or debtor is or has been a debtor under fed- eral bankruptcy laws; was insolvent before the commencement of a bankruptcy case or during the case but before the debtor was granted or denied a discharge; or has not paid a debt that is dis- chargeable in the bankruptcy case or that was discharged under the bankruptcy laws. <i>11 U.S.C. 525(a)</i>

	1.	Denying the person's application for a license or license re- newal;
	2.	Suspending the person's license; or
	3.	Taking other disciplinary action against the person.

Sexual Harassment	oth	velcome sexual advances, requests for sexual favors, and er verbal or physical conduct of a sexual nature constitute ual harassment when:
	1.	Submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment;

	3.	Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or cre- ating an intimidating, hostile, or offensive working envi- ronment.

	"Sexual harassment" means unwelcome sexual advances, re- quests for sexual favors, or other verbal or physical conduct of a sexual nature, submission to which is made a term or condition of a person's exercise or enjoyment of any right, privilege, power, or immunity, either explicitly or implicitly.

	merely because the words used have sexual content or con- notations. <u>Oncale v. Sundowner Offshore Services, Inc.</u> , 523 U.S. 75 (1998)	
Prevention	A district should take all steps necessary to prevent unlawful harassment from occurring, such as affirmatively raising the subject, expressing strong disapproval, developing appropriate penalties, informing employees of their right to raise and how to raise the issue of harassment under Title VII, and developing methods to sensitize all concerned. <i>29 C.F.R. 1604.11(f)</i>

Definitions	For the purpose of the Genetic Information Nondiscrimination Act (GINA), "genetic information" means information about:		
	1. An individual's genetic tests;		
	2. The genetic tests of that individual's family members;		
	 The manifestation of disease or disorder in family members of the individual (family medical history); 		
	 An individual's request for or receipt of genetic services, or the participation in clinical research that includes genetic ser- vices by the individual or a family member of the individual; or 		
	5. The genetic information of a fetus carried by an individual or by a pregnant woman who is a family member of the individ- ual and the genetic information of any embryo legally held by the individual or family member using an assisted reproduc- tive technology.		
	"Genetic information" does not include information about the sex or age of the individual, the sex or age of family members, or infor- mation about the race or ethnicity of the individual or family mem- bers that is not derived from a genetic test.		
	29 C.F.R. 1635.3(c)		
	"Genetic test" means an analysis of human DNA, RNA, chromo- somes, proteins, or metabolites that detects genotypes, mutations, or chromosomal changes. Genetic tests include, for example:		
	 A test to determine whether someone has the BRCA1 or BRCA2 variant evidencing a predisposition to breast cancer, a test to determine whether someone has a genetic variant as- sociated with hereditary nonpolyposis colon cancer, and a test for a genetic variant for Huntington's Disease; 		
	 Carrier screening for adults using genetic analysis to deter- mine the risk of conditions such as cystic fibrosis, sickle cell anemia, spinal muscular atrophy, or fragile X syndrome in fu- ture offspring; 		
	26/2012		

- Amniocentesis and other evaluations used to determine the presence of genetic abnormalities in a fetus during pregnancy;
- Newborn screening analysis that uses DNA, RNA, protein, or metabolite analysis to detect or indicate genotypes, mutations, or chromosomal changes, such as a test for PKU performed so that treatment can begin before a disease manifests;
- 5. Pre-implantation genetic diagnosis performed on embryos created using in vitro fertilization;
- Pharmacogenetic tests that detect genotypes, mutations, or chromosomal changes that indicate how an individual will react to a drug or a particular dosage of a drug;
- 7. DNA testing to detect genetic markers that are associated with information about ancestry; and
- DNA testing that reveals family relationships, such as paternity.

Examples of tests or procedures that are not genetic tests are:

- 1. An analysis of proteins or metabolites that does not detect genotypes, mutations, or chromosomal changes;
- A medical examination that tests for the presence of a virus that is not composed of human DNA, RNA, chromosomes, proteins, or metabolites;
- 3. A test for infectious and communicable diseases that may be transmitted through food handling;
- 4. Complete blood counts, cholesterol tests, and liver-function tests.

A test for the presence of alcohol or illegal drugs is not a genetic test. However, a test to determine whether an individual has a genetic predisposition for alcoholism or drug use is a genetic test.

Notices

A district shall post in conspicuous places on its premises, where notices to employees and applicants for employment are customarily posted, a notice setting forth excerpts from or summaries of the pertinent provisions of the GINA regulation and information pertinent to the filing of a complaint. 29 C.F.R. 1635.10(c)

Prohibited Practices	A district shall not discriminate against an individual on the basis of		
Discrimination	genetic information in regard to hiring, discharge, compensation, or terms, conditions, or privileges of employment. Notwithstanding the foregoing, a cause of action for disparate impact is not available under GINA. <i>42 U.S.C. 2000ff-1(a); 29 C.F.R. 1635.4</i>		
Retaliation	A district shall not discriminate against an individual because the individual has opposed any act or practice made unlawful by GINA or because the individual made a charge, testified, assisted, or participated in any manner in an investigation, proceeding, or hearing under GINA. <i>42 U.S.C. 2000ff-6(f); 29 C.F.R. 1635.7</i>		
Acquisition	Except as set forth below or otherwise provided in the GINA regu- lations, a district shall not request, require, or purchase genetic in- formation of an individual or family member of the individual. 42 U.S.C. 2000ff-1(b); 29 C.F.R. 1635.8(a)		
	"Request" includes:		
	 Conducting an internet search on an individual in a way that is likely to result in a district's obtaining genetic information; 		
	 Actively listening to third-party conversations or searching an individual's personal effects for the purpose of obtaining ge- netic information; and 		
	 Making requests for information about an individual's current health status in a way that is likely to result in a district's ob- taining genetic information. 		
	29 C.F.R. 1635.8(a)		
Disclosure	A district that possesses genetic information, regardless of how the district obtained the information, shall not disclose the information except as set forth in the GINA regulations. 29 C.F.R. 1635.9(b) [See Confidentiality, below]		
Manifested Condition	A district shall not be considered to be in violation of the GINA reg- ulations based on the use, acquisition, or disclosure of medical in- formation about a manifested disease, disorder, or pathological condition of an employee or member, even if the disease, disorder, or pathological condition has or may have a genetic basis or com- ponent. However, genetic information about a manifested disease, disorder, or pathological condition is subject to the requirements and prohibitions of GINA. 29 C.F.R. 1635.12		
	"Manifestation" or "manifested" means, with respect to a disease, disorder, or pathological condition, that an individual has been or could reasonably be diagnosed with the disease, disorder, or		

Inadvertent	pathological condition by a health-care professional with appropri- ate training and expertise in the field of medicine involved. A dis- ease, disorder, or pathological condition is not manifested if the di- agnosis is based principally on genetic information. 29 C.F.R. 1635.3(g)		
Acquisition	The general prohibition against requesting, requiring, or purchasing genetic information does not apply where a district inadvertently re- quests or requires genetic information of the individual or family member of the individual. This exception applies in situations where a manager or supervisor learns genetic information about an individual by:		
	 Overhearing a conversation between the individual and oth- ers; 		
	2. Receiving the information during a casual conversation, in- cluding in response to an ordinary expression of concern that is the subject of the conversation. This exception does not ap- ply where a manager or supervisor follows up with questions that are probing in nature, such as whether other family mem- bers have the condition or whether the individual has been tested for the condition, because the supervisor or official should know that these questions are likely to result in the ac- quisition of genetic information;		
	 Receiving unsolicited information (e.g., where a manager or supervisor receives an unsolicited email about the health of an employee's family member from a co-worker); or 		
	4. Accessing a social media platform that the manager or super- visor was given permission to access by the creator of the profile at issue (e.g., a supervisor and employee are con- nected on a social networking site and the employee provides family medical history on his page).		
	29 C.F.R. 1635.8(b)(1)(ii)		
Requests for Medical Information	If a district acquires genetic information in response to a lawful re- quest for medical information, the acquisition of genetic information will not generally be considered inadvertent unless the district di- rects the individual and/or health-care provider from whom it re- quested medical information not to provide genetic information [see Safe Harbor, below]. 29 C.F.R. 1635.8(b)(1)(i)(A)		
	Situations involving lawful requests for medical information include, for example:		
	 Requests for documentation to support a request for reasona- ble accommodation under federal, state, or local law; 		

DAB (LEGAL)

	 Requests for medical information as required, authorized, or permitted by federal, state, or local law, such as where an em- ployee requests leave under the Family and Medical Leave Act (FMLA) to attend to the employee's own serious health condition or where an employee complies with the FMLA's employee return to work certification requirements; or Requests for documentation to support leave that is not gov-
	erned by federal, state, or local laws requiring leave, as long as the documentation required to support the request other- wise complies with the requirements of the Americans with Disabilities Act (ADA) and other laws limiting a district's ac- cess to medical information.
	29 C.F.R. 1635.8(b)(1)(i)(D)
Safe Harbor	Any receipt of genetic information in response to a request for medical information shall be deemed inadvertent if a district uses language such as the following:
	"The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, we are asking that you not provide any ge- netic information when responding to this request for medical in- formation. 'Genetic information,' as defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic tests, the fact that an individual or an indi- vidual's family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individ- ual's family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services."
	A district's failure to give such a notice or to use this or similar lan- guage will not prevent the district from establishing that a particular receipt of genetic information was inadvertent if the request for medical information was not likely to result in a district's obtaining genetic information (for example, where an overly broad response is received in response to a tailored request for medical infor- mation).
	29 C.F.R. 1635.8(b)(1)(i)(B), (C)
Employment Examinations	The prohibition on acquisition of genetic information applies to medical examinations related to employment. A district shall tell health-care providers not to collect genetic information, including family medical history, as part of a medical examination intended to determine the ability to perform a job. 29 C.F.R. 1635.8(d)

Romodial Moasuros	A district shall take additional reasonable measures within its con- trol if it learns that genetic information is being requested or re- quired in medical examinations related to employment. Such rea- sonable measures may depend on the facts and circumstances under which a request for genetic information was made, and may include no longer using the services of a health-care professional who continues to request or require genetic information during medical examinations after being informed not to do so. 29 C.F.R. 1635.8(d)
Health or Genetic Services	The general prohibition against requesting, requiring, or purchasing genetic information does not apply where a district offers health or genetic services, including services offered as part of a voluntary wellness program, if the conditions at 29 C.F.R. 1635.8(b)(2) are met.
	A district may not offer a financial inducement for individuals to pro- vide genetic information but may offer financial inducements for completion of health risk assessments that include questions about family medical history or other genetic information. The district shall make clear, in language reasonably likely to be understood by those completing the health risk assessment, that the inducement will be made available whether or not the participant answers questions regarding genetic information.
	A district may offer financial inducements to encourage individuals who have voluntarily provided genetic information (e.g., family medical history) that indicates that they are at increased risk of ac- quiring a health condition in the future to participate in disease management programs or other programs that promote healthy lifestyles, and/or to meet particular health goals as part of a health or genetic service. However, the district must also offer these pro- grams to individuals with current health conditions and/or to individ- uals whose lifestyle choices put them at increased risk of develop- ing a condition.
	29 C.F.R. 1635.8(b)(2)
Leave Requests	The general prohibition against requesting, requiring, or purchasing genetic information does not apply where the district requests family medical history to comply with the certification provisions of the FMLA or state or local family and medical leave laws, or pursuant to a policy (even in the absence of requirements of federal, state, or local leave laws) that permits the use of leave to care for a sick family member and that requires all employees to provide information about the health condition of the family member to substantiate the need for leave. <i>29 C.F.R. 1635.8(b)(3)</i>

Publicly Available Information	The general prohibition against requesting, requiring, or purchasing genetic information does not apply where the district acquires genetic information from documents that are commercially and publicly available for review or purchase, including newspapers, magazines, periodicals, or books, or through electronic media, such as information communicated through television, movies, or the internet, except that this exception does not apply to:	
	 Medical databases, court records, or research databases available to scientists on a restricted basis; 	
	2. Genetic information acquired through sources with limited access, such as social networking sites and other media sources which require access permission from a specific individual or where access is conditioned on membership in a particular group, unless the district can show that access is routinely granted to all who request it;	
	 Genetic information obtained through commercially and pub- licly available sources if the district sought access to those sources with the intent of obtaining genetic information; or 	
	4. Genetic information obtained through media sources, whether or not commercially and publicly available, if the district is likely to acquire genetic information by accessing those sources, such as websites and online discussion groups that focus on issues such as genetic testing of individuals and ge- netic discrimination.	
	29 C.F.R. 1635.8(b)(4)	
Workplace Monitoring	The general prohibition against requesting, requiring, or purchasing genetic information does not apply where the district acquires genetic information for use in the genetic monitoring of the biological effects of toxic substances in the workplace. Such monitoring must meet the criteria at 29 C.F.R. 1635.8(b)(5). 29 C.F.R. 1635.8(b)(5)	
Inquiries Made of Family Members	A district does not violate the GINA regulations when it requests, requires, or purchases information about a manifested disease, disorder, or pathological condition of an employee whose family member is also employed by the district or who is receiving health or genetic services on a voluntary basis. For example, a district does not violate the GINA regulations by asking someone whose sister also works for the district to take a post-offer medical exami- nation that does not include requests for genetic information. 29 C.F.R. 1635.8(c)	
Confidentiality	A district that possesses genetic information in writing about an employee must maintain such information on forms and in medical files (including where the information exists in electronic forms and

	files) that are separate from personnel files. A district must treat such information as a confidential medical record. A district may maintain genetic information about an employee in the same file in which it maintains confidential medical information under the ADA. Genetic information placed in personnel files before November 21, 2009, need not be removed. A district will not be liable under the GINA regulations for the mere existence of the information in the file. However, the prohibitions on use and disclosure of genetic in- formation apply to all genetic information that meets the statutory definition, including genetic information requested, required, or pur- chased before November 21, 2009.		
	Genetic information that a district receives orally need not be re- duced to writing but may not be disclosed, except as permitted by 29 C.F.R. part 1635.		
	Genetic information that a district acquires through sources that are commercially and publicly available, as provided by 29 C.F.R. 1635.8(b)(4), is not considered confidential genetic information but may not be used to discriminate against an individual.		
	29 C.F.R. 1635.9(a)		
Disclosure Permitted	A district that possesses any genetic information, regardless of how the district obtained the information (except for genetic infor- mation acquired through commercially and publicly available sources), may disclose the information:		
	 To the employee (or family member if the family member is re- ceiving genetic services) about whom the information pertains upon receipt of the employee's written request; 		
	 To an occupational or other health researcher if the research is conducted in compliance with the regulations and protec- tions at 45 C.F.R. part 46; 		
	3. In response to an order of a court. The district may disclose only the genetic information expressly authorized by the or- der. If the order was secured without the knowledge of the employee to whom the information refers, the district shall in- form the employee of the order and any genetic information that was disclosed pursuant to the order;		
	 To government officials investigating compliance with Title II of GINA if the information is relevant to the investigation; 		
	 To the extent the information is disclosed in support of an em- ployee's compliance with the certification provisions of the 		

FMLA or certification requirements under state family and medical leave laws; or

6. To a federal, state, or local public health agency, only with regard to information about the manifestation of a disease or disorder that concerns a contagious disease that presents an imminent hazard of death or life-threatening illness, provided that the individual whose family member is the subject of the disclosure is notified of such disclosure.

29 C.F.R. 1635.9(b)

Relationship to HIPAA Privacy Regulations The GINA regulations do not apply to the use or disclosure of genetic information that is protected health information subject to regulation under the Health Insurance Portability and Accountability Act of 1996 (HIPAA). 29 C.F.R. 1635.9(c) [See CRD(LEGAL)]

School Bus Drivers	A person shall not drive a school bus, school activity bus, or multi- function school activity bus unless he or she is physically qualified to do so. Each school bus driver shall undergo and successfully complete an annual physical examination in accordance with the requirements of 49 C.F.R. 391.41 and 391.43, which list those physical and mental conditions for which the medical examiner is directed to disqualify an applicant. A driver shall not operate a school bus, school activity bus, or multifunction school activity bus unless he or she has in his or her possession the original, or photo- graphic copy, of the medical examiner's certificate stating that the driver is physically qualified to drive a school bus, school activity bus, or multifunction school activity bus. <i>Transp. Code</i> 521.022; 37 TAC 14.12
	A person disqualified on the basis of the medical examination may request special consideration in accordance with 37 Administrative Code 14.13.
Definitions	The definitions related to individuals with disabilities and excep- tions to those definitions included in policy DAA shall be used in applying and interpreting this policy and any local policy adopted in conjunction with this policy.
Bloodborne Pathogen Control	A district that employs employees who provide services in a public or private facility providing health-care-related services, or who otherwise have a risk of exposure to blood or other material poten- tially containing bloodborne pathogens in connection with exposure to sharps shall comply with the minimum standards set by the Texas Department of State Health Services (TDSHS). This in- cludes a district that operates a public school health clinic.
"Sharp" Defined	A "sharp" is an object used or encountered in a health-care setting that can be reasonably anticipated to penetrate the skin or any other part of the body and to result in an exposure incident, includ- ing a needle device, a scalpel, a lancet, a piece of broken glass, a broken capillary tube, an exposed end of a dental wire, or a dental knife, drill, or bur.
Exposure Control Plan	The TDSHS has developed an exposure control plan as a model plan to achieve the minimum standards in Health and Safety Code 81.304. The plan is designed to minimize exposure of employees to bloodborne pathogens and includes policies relating to occupa- tional exposure to bloodborne pathogens, training and educational requirements for employees, measures to increase vaccination of employees, and increased use of personnel protective equipment by employees.
	The TDSHS Bloodborne Pathogens Exposure Control Plan re- quires a district to:

	1.	Develop, review annually, update as necessary, and docu- ment its actions regarding a comprehensive exposure control plan appropriate to the district and its particular facilities;
	2.	Provide, at district expense, personal protective equipment and Hepatitis B vaccinations to affected employees, and if an employee declines to be vaccinated, maintain a record of the employee's written refusal;
	3.	Provide to affected employees pre-service and annual re- fresher training as described in the TDSHS Exposure Control Plan;
	4.	Record all exposure incidents (e.g., "sticks" by needles or other "sharps") in a sharps injury log and report the sharps in- jury to TDSHS on a standardized form; and
	5.	Provide a post-exposure evaluation and follow up with an employee who has a sharps injury.

Cost of Testing	If certified emergency medical services personnel, an emergency response employee or volunteer, or a first responder who renders assistance at the scene of an emergency or during transport to the hospital is accidentally exposed to blood or other body fluids of a patient, the hospital to which the patient is transported shall take reasonable steps to test the patient for hepatitis B, hepatitis C, HIV, or any reportable disease. A district that employs the person, or for which the person works as a volunteer in connection with rendering the assistance, is responsible for paying the costs of the test. <i>Health and Safety Code 81.095(b)</i>	
Genetic Information	Any receipt of genetic information in response to a request for medical information shall be deemed inadvertent if a district uses language such as that at 29 C.F.R. 1635.8(b)(1)(i)(B). 29 C.F.R. 1635.8(b)(1)(i)(A) [See DABDAA]

Pre-employment Inquiries and Employment Entrance Examinations	of a j a dis provi ployr lated strate appli	trict shall not conduct a medical examination or make inquiries ob applicant as to whether such applicant is an individual with ability or as to the nature or severity of a disability, except as ded below. However, a district is permitted to make pre-em- nent inquiries into the ability of an applicant to perform job-re- functions, such as asking an applicant to describe or demon- e how, with or without reasonable accommodation, the cant will be able to perform job-related functions. <i>42 U.S.C.</i> 2(d)(2); 29 C.F.R. 1630.14(a)

	A district may require a medical examination (and/or inquiry) after an offer of employment has been made to a job applicant and prior to the beginning of employment duties and may condition the offer on the results of such examination (and/or inquiry), provided all en- tering employees in the same job category are subjected to such an examination (and/or inquiry) regardless of disability.
	The results of an employment entrance medical examination shall be used only to determine the applicant's ability to perform job-re- lated functions.
	42 U.S.C. 12112(d)(3); 29 C.F.R. 1630.14(b)
Confidentiality	Information obtained regarding the medical condition or history of the applicant shall be collected and maintained on separate forms and in separate medical files and shall be treated as confidential medical records. However, supervisors and managers may be informed regarding necessary restrictions on the employee's work or duties and necessary accommodation; first aid and safety personnel may be informed, when appropriate, if the disability might require emergency treatment. 29 C.F.R. 1630.14(b), (c)
Examination During Employment	The district may require a medical examination (and/or inquiry) of an employee that is job related and consistent with business ne- cessity and may make inquiries into the ability of an employee to perform job-related functions.
Placement on Temporary Disability	The board may adopt a policy providing for placing an educator on leave of absence for temporary disability if, in the board's judgment and in consultation with a physician who has performed a thorough medical examination of the educator, the educator's condition inter- feres with the performance of regular duties. Such a policy must re- serve to the educator the right to present to the board testimony or other information relevant to the educator's fitness to continue the performance of regular duties. Intermittent or Reduced Leave Schedule	sche leav reas duce	A leave may be taken intermittently or on a reduced leave edule under certain circumstances. "Intermittent leave" is FMLA e taken in separate blocks of time due to a single qualifying on. A "reduced leave schedule" is a leave schedule that re- es an employee's usual number of working hours per work- k, or hours per workday.
	conc ous med be b sche	leave taken because of the employee's own serious health dition, to care for a spouse, parent, son, or daughter with a seri- health condition, or military caregiver leave, there must be a lical need for leave and it must be that such medical need can sest accommodated through an intermittent or reduced leave edule. Leave due to a qualifying exigency may also be taken on intermittent or reduced schedule basis.
		en leave is taken after the birth of a healthy child or placement healthy child for adoption or foster care, an employee may

	take leave intermittently or on a reduced leave schedule only if the district agrees.
	29 U.S.C. 2612(b); 29 C.F.R. 825.102, .202
Transfer to Alternative Position	If an employee requests intermittent or reduced schedule leave that is foreseeable based on planned medical treatment, a district may require the employee to transfer temporarily to an available al- ternative position for which the employee is qualified and which better accommodates recurring periods of leave than does the em- ployee's regular position. 29 U.S.C. 2612(b)(2); 29 C.F.R. 825.204
Calculating Leave Use	When an employee takes leave on an intermittent or reduced schedule, only the amount of leave actually taken may be counted toward the employee's leave entitlement. A district must account for intermittent or reduced schedule leave using an increment no greater than the shortest period of time that the district uses to account for use of other forms of leave, provided the increment is not greater than one hour. <i>29 C.F.R. 825.205</i>
Special Rules for Instructional Employees	Special rules apply to certain employees of school districts. These special rules affect leave taken intermittently or on a reduced schedule, or taken near the end of an academic term (semester) by instructional employees.
	"Instructional employees" are those whose principal function is to teach and instruct students in a class, a small group, or an individ- ual setting. This term includes not only teachers, but also athletic coaches, driving instructors, and special education assistants such as signers for the hearing impaired. It does not include teacher as- sistants or aides who do not have as their principal job actual teaching or instructing, nor does it include auxiliary personnel such as counselors, psychologists, or curriculum specialists. It also does not include cafeteria workers, maintenance workers, or bus drivers.
	29 C.F.R. 825.600
Failure to Provide Notice of Foreseeable Leave	If an instructional employee does not give required notice of fore- seeable leave to be taken intermittently or on a reduced schedule, a district may require the employee to take leave of a particular du- ration or to transfer temporarily to an alternative position. Alterna- tively, a district may require the employee to delay the taking of leave until the notice provision is met. 29 C.F.R. 825.601(b)
20 Percent Rule	If an eligible instructional employee needs intermittent leave or leave on a reduced leave schedule to care for a family member with a serious health condition, to care for a covered service member, or for the employee's own serious health condition; the leave is foreseeable based on planned medical treatment; and the employee would be on leave for more than 20 percent of the total

			nber of working days over the period the leave would extend, a rict may require the employee to choose:
		1.	To take leave for a period or periods of a particular duration, not greater than the duration of the planned treatment; or
		2.	To transfer temporarily to an available alternative position for which the employee is qualified, which has equivalent pay and benefits and which better accommodates recurring peri- ods of leave than does the employee's regular position.
		beg and and cho cas	riods of a particular duration" means a block or blocks of time inning no earlier than the first day for which leave is needed ending no later than the last day on which leave is needed, may include one uninterrupted period of leave. If an employee oses to take leave for "periods of a particular duration" in the e of intermittent or reduced schedule leave, the entire period of we taken will count as FMLA leave.

	Leave at the End of a Semester	FM cep of a	a rule, a district may not require an employee to take more LA leave than the employee needs. The FMLA recognizes ex- tions where instructional employees begin leave near the end semester. As set forth below, the district may in certain cases uire the employee to take leave until the end of the semester.
		end no d	e school semester, or "academic term," typically ends near the of the calendar year and the end of spring each school year. In case may a school have more than two academic terms or se- sters each year for purposes of the FMLA.

Any additional leave required by the dis- to the end of the semester is not counted as FMLA leave; how- r, the district shall maintain the employee's group health insur- e and restore the employee to the same or equivalent job, uding other benefits, at the end of the leave.
		29	U.S.C. 2618(d); 29 C.F.R. 825.603
	<i>More Than Five Weeks Before End of Semester</i>		strict may require an instructional employee to continue taking /e until the end of the semester if:
		1.	The employee begins leave more than five weeks before the end of the semester;
		2.	The leave will last at least three weeks; and

2. The leave will last at least three weeks; and

	3. The employee would return to work during the three-week period before the end of the semester.			
During Last Five Weeks of	A district may require an instructional employee to continue taking leave until the end of the semester if:			
Semester	 The employee begins leave during the last five weeks of the semester for any reason other than the employee's own seri- ous health condition or a qualifying exigency; 			
	2. The leave will last more than two weeks; and			
	3. The employee would return to work during the two-week pe- riod before the end of the semester.			
During Last Three Weeks of Semester	A district may require an instructional employee to continue taking leave until the end of the semester if the employee begins leave during the three-week period before the end of the semester for any reason other than the employee's own serious health condition or a qualifying exigency.			
	29 C.F.R. 825.602			
Substitution of Paid Leave	Generally, FMLA leave is unpaid leave. However, an employee may choose to substitute accrued paid leave for unpaid FMLA leave. If an employee does not choose to substitute accrued paid leave, a district may require the employee to do so. The term "substitute" means that the paid leave provided by the district, and accrued pursuant to established policies of the district, will run concurrently with the unpaid FMLA leave. An employee's ability to substitute accrued paid leave is determined by the terms and conditions of the district's normal leave policy. <i>29 U.S.C. 2612(d); 29 C.F.R. 825.207(a)</i>			
Compensatory Time	If an employee requests and is permitted to use accrued compen- satory time to receive pay during FMLA leave, or if a district re- quires such use, the compensatory time taken may be counted against the employee's FMLA leave entitlement. 29 C.F.R. 825.207(f)			
FMLA and Workers' Compensation	A serious health condition may result from injury to the employee "on or off" the job. If a district designates the leave as FMLA leave the leave counts against the employee's FMLA leave entitlement. Because the workers' compensation absence is not unpaid, neither the employee nor the district may require the substitution of paid leave. However, a district and an employee may agree, where state law permits, to have paid leave supplement workers' compen- sation benefits.			

	If the health-care provider treating the employee for the workers' compensation injury certifies that the employee is able to return to a "light duty job" but is unable to return to the same or equivalent job, the employee may decline the district's offer of a "light duty job." As a result, the employee may lose workers' compensation payments, but is entitled to remain on unpaid FMLA leave until the employee's FMLA leave entitlement is exhausted. As of the date workers' compensation benefits cease, the substitution provision becomes applicable and either the employee may elect or the district may require the use of accrued paid leave.
	29 C.F.R. 825.207(e)
Maintenance of Health Benefits	During any FMLA leave, a district must maintain the employee's coverage under any group health plan on the same conditions as coverage would have been provided if the employee had been continuously employed during the entire leave period.
	An employee may choose not to retain group health plan coverage during FMLA leave. However, when the employee returns from leave, the employee is entitled to be reinstated on the same terms as before taking leave without any qualifying period, physical ex- amination, exclusion of pre-existing conditions, and the like.
	29 U.S.C. 2614(c); 29 C.F.R. 825.209
Payment of Premiums	During FMLA leave, the employee must continue to pay the employee's share of group health plan premiums. If premiums are raised or lowered, the employee would be required to pay the new premium rates. <i>29 C.F.R. 825.210</i>
Failure to Pay Premiums	Unless a district has an established policy providing a longer grace period, a district's obligations to maintain health insurance cover- age cease if an employee's premium payment is more than 30 days late. In order to terminate the employee's coverage, the dis- trict must provide written notice to the employee that the payment has not been received. Such notice must be mailed to the em- ployee at least 15 days before coverage is to cease, advising that coverage will be dropped on a specified date at least 15 days after the date of the letter unless the payment has been received by that date. Coverage for the employee may be terminated at the end of the 30-day grace period, if the required 15-day notice has been provided.
	Upon the employee's return from FMLA leave, the district must still restore the employee to coverage/benefits equivalent to those the employee would have had if leave had not been taken and the pre- mium payment(s) had not been missed. The employee may not be required to meet any qualification requirements imposed by the

	plan, including any new preexisting condition waiting period, to wait for an open season, or to pass a medical examination to obtain re- instatement of coverage.
	29 C.F.R. 825.212
Recovery of Benefit Cost	If an employee fails to return to work after FMLA leave has been exhausted or expires, a district may recover from the employee its share of health plan premiums during the employee's unpaid FMLA leave, unless the employee's failure to return is due to one of the reasons set forth in the regulations. A district may not recover its share of health insurance premiums for any period of FMLA leave covered by paid leave. 29 C.F.R. 825.213
Right to Reinstatement	On return from FMLA leave, an employee is entitled to be returned to the same position the employee held when leave began, or to an equivalent position with equivalent benefits, pay, and other terms and conditions of employment. An employee is entitled to reinstate- ment even if the employee has been replaced or his or her position has been restructured to accommodate the employee's absence. However, an employee has no greater right to reinstatement or to other benefits and conditions of employment than if the employee had been continuously employed during the FMLA leave period. 29 <i>C.F.R.</i> 825.214, .216(a)
Moonlighting During Leave	If a district has a uniformly applied policy governing outside or supplemental employment, the policy may continue to apply to an employee while on FMLA leave. A district that does not have such a policy may not deny FMLA benefits on the basis of outside or supplemental employment unless the FMLA leave was fraudulently obtained. 29 U.S.C. 2618(e); 29 C.F.R. 825.216(e)
Reinstatement of School Employees	A district shall make the determination of how an employee is to be restored to "an equivalent position" upon return from FMLA leave on the basis of established school board policies and practices. The "established policies" must be in writing, must be made known to the employee before the taking of FMLA leave, and must clearly explain the employee's restoration rights upon return from leave. Any established policy which is used as the basis for restoration of an employee to "an equivalent position" must provide substantially the same protections as provided in the FMLA. For example, an employee may not be restored to a position requiring additional licensure or certification. <i>29 C.F.R. 825.604</i>
Pay Increases and Bonuses	An employee is entitled to any unconditional pay increases that may have occurred during the FMLA leave period, such as cost of living increases. Pay increases conditioned upon seniority, length of service, or work performed must be granted in accordance with

a district's policy or practice with respect to other employees on an

equivalent leave status for a reason that does not qualify as FMLA leave.

Equivalent pay includes any bonus or payment, whether it is discretionary or non-discretionary. However, if a bonus or other payment is based on the achievement of a specified goal such as hours worked, products sold, or perfect attendance, and the employee has not met the goal due to FMLA leave, then the payment may be denied, unless otherwise paid to employees on an equivalent leave status for a reason that does not qualify as FMLA leave. For example, if an employee who used paid vacation leave for a non-FMLA purpose would receive the payment, then an employee who used paid vacation leave for an FMLA-protected purpose also must receive the payment.

29 C.F.R. 825.215(c)

Key Employees A district may deny job restoration to a key employee if such denial is necessary to prevent substantial and grievous economic injury to the operations of the district. 29 U.S.C. 2614(b); 29 C.F.R. 825.217-.219

Certification
Employer Notices
General NoticeEvery covered employer must post on its premises a notice ex-
plaining the FMLA's provisions and providing information concern-
ing the procedures for filing complaints with the Department of La-
bor's Wage and Hour Division. The notice must be posted
prominently where it can be readily seen by employees and appli-
cants for employment. Covered employers must post this general
notice even if no employees are eligible for FMLA leave.

If a district has any eligible employees, it shall also:

- 1. Include the notice in employee handbooks or other written guidance to employees concerning employee benefits or leave rights, if such written materials exist; or
- 2. Distribute a copy of the general notice to each new employee upon hiring.

Electronic posting is sufficient if it meets the other requirements of this section.

If a district's workforce is comprised of a significant portion of workers who are not literate in English, the district shall provide the general notice in a language in which the employees are literate.

A district may use Department of Labor (DOL) form WHD 1420 or may use another format so long as the information provided includes, at a minimum, all of the information contained in that notice.

29 C.F.R. 825.300(a)

Eligibility Notice	When an employee requests FMLA leave, or when a district ac- quires knowledge that an employee's leave may be for an FMLA- qualifying reason, the district must notify the employee of the em- ployee's eligibility to take FMLA leave. If the employee is not eligi- ble for FMLA leave, the notice must state at least one reason why the employee is not eligible.
	A district must provide the eligibility notice within five business days, absent extenuating circumstances. Notification of eligibility may be oral or in writing. The district may use DOL form WH-381 to provide such notification to employees. The district shall translate the notice in any situation in which it is required to translate the general notice.
	29 C.F.R. 825.300(b)
Rights and Responsibilities Notice	Each time a district provides an eligibility notice to an employee, the district shall also provide a written rights and responsibilities notice. The rights and responsibilities notice must include the infor- mation required by the FMLA regulations at 29 C.F.R. 825.300(c)(1).
	A district may use DOL form WH-381 to provide such notification to employees. A district may adapt the prototype notice as appropri- ate to meet these notice requirements. The notice may be distrib- uted electronically if it meets the other requirements of this section. The district shall translate the notice in any situation in which it is required to translate the general notice.
	29 C.F.R. 825.300(c)
Designation Notice	When a district has enough information to determine whether leave is being taken for an FMLA-qualifying reason, the district must no- tify the employee whether the leave will be designated as FMLA leave. If the district determines that the leave will not be designated as FMLA-qualifying, the district must notify the employee of that determination. Absent extenuating circumstances, a district must provide the designation notice within five business days.
	A district may use DOL form WH-382 to provide such notification to employees. If the leave is not designated as FMLA leave because it does not meet the requirements of the Act, the notice to the employee that the leave is not designated as FMLA leave may be in the form of a simple written statement.
	The designation notice must include the information required by the FMLA regulations at 29 C.F.R. 825.300(d)(1) (substitution of paid leave), (d)(3) (fitness for duty certification), and (d)(6) (amount

	of leave charged against FMLA entitlement). For further provisions on designation of leave, see 29 C.F.R. 825.301.
	29 C.F.R. 825.300(d)
Retroactive Designation	A district may retroactively designate leave as FMLA leave, with appropriate notice to the employee, if the district's failure to timely designate leave does not cause harm or injury to the employee. In addition, a district and an employee may agree that leave will be retroactively designated as FMLA leave. <i>29 C.F.R. 825.301(d)</i>
Employee Notice	An employee giving notice of the need for FMLA leave must state a qualifying reason for the leave and otherwise satisfy the requirements for notice of foreseeable and unforeseeable leave, below. The employee does not need to expressly assert rights under the Act or even mention the FMLA. <i>29 C.F.R. 825.301</i>
Foreseeable Leave	An employee must provide at least 30 days' advance notice before FMLA leave is to begin if the need for leave is foreseeable based upon an expected birth, placement for adoption or foster care, or planned medical treatment of the employee, a family member, or a covered service member. If 30 days' notice is not practicable, the employee must give notice as soon as practicable. For leave due to a qualifying exigency, the employee must provide notice as soon as practicable regardless of how far in advance the leave is fore- seeable.
	When planning medical treatment, the employee must consult with the district and make a reasonable effort to schedule the treatment so as not to disrupt unduly the district's operations, subject to the approval of the health-care provider.
	29 C.F.R. 825.302
Unforeseeable Leave	When the approximate timing of leave is not foreseeable, an employee must provide notice to a district as soon as practicable under the facts and circumstances of the particular case. It generally should be practicable for the employee to provide notice of leave that is unforeseeable within the time prescribed by the district's usual and customary notice requirements applicable to such leave. <i>29 C.F.R. 825.303</i>
Compliance with District Requirements	A district may require an employee to comply with its usual and customary notice and procedural requirements for requesting leave, absent unusual circumstances. If an employee does not comply with usual notice and procedural requirements, and no unusual circumstances justify the failure to comply, FMLA leave may be delayed or denied. 29 C.F.R. 825.302(d), .303(c)

Certification of Leave	A district may require that an employee's FMLA leave be so by certification, as described below. The district must give a requirement for certification each time certification is req the time the district requests certification, the district must the employee of the consequences of failure to provide ad certification. 29 C.F.R. 825.305(a)	notice of uired. The district may recertification at a later date if the district later has reason to the appropriateness of the leave or its duration. The employee must provide the requested certification to the district with endar days after the district's request, unless it is not practuder the particular circumstances to do so despite the endiligent, good faith efforts. <i>29 C.F.R.</i> 825.305(b)	business five busi- quest question byee in 15 cal- ticable

Genetic Information	A district subject to the Genetic Information Nondiscrimination Act (GINA) shall comply with the GINA rules with respect to a request for medical information. 29 C.F.R. 1635.8(b)(1)(i)(A) [See DABDAA]
Authentication and Clarification	If an employee submits a complete and sufficient certification signed by the health-care provider, a district may not request addi- tional information from the health-care provider. However, the dis- trict may contact the health-care provider for purposes of clarifica- tion and authentication of the certification after the district has given the employee an opportunity to cure any deficiencies, as set forth above. To make such contact, a district must use a health- care provider, a human resources professional, a leave administra- tor, or a management official. Under no circumstances may the em- ployee's direct supervisor contact the employee's health-care pro- vider.
	"Authentication" means providing the health-care provider with a copy of the certification and requesting verification that the information on the form was completed and/or authorized by the health-care provider who signed the document; no additional medical information may be requested.
	"Clarification" means contacting the health-care provider to under- stand the handwriting on the certification or to understand the meaning of a response. A district may not ask the health-care pro- vider for additional information beyond that required by the certifi- cation form. The requirements of the Health Insurance Portability and Accountability Act (HIPAA) Privacy Rule must be satisfied when individually identifiable health information of an employee is shared with a district by a HIPAA-covered health-care provider.
	29 C.F.R. 825.307(a)
Second and Third Opinions	If a district has reason to doubt the validity of a medical certifica- tion, the district may require the employee to obtain a second opin- ion at the district's expense. If the opinions of the employee's and the district's designated health-care providers differ, the district may require the employee to obtain certification from a third health- care provider, again at the district's expense. 29 C.F.R. 825.307(b), (c)
Foreign Medical Certification	If the employee or a family member is visiting another country, or a family member resides in another country, and a serious health condition develops, the district shall accept medical certification as well as second and third opinions from a health-care provider who

practices in that country. If the certification is in a language other
than English, the employee must provide the district with a written
translation of the certification upon request. 29 C.F.R. 825.307(f)

Recertification A district may request recertification no more often than every 30 days and only in connection with an absence by the employee, except as set forth in the FMLA regulations. The district must allow at least 15 calendar days for the employee to provide recertification.

As part of the recertification for leave taken because of a serious health condition, the district may provide the health-care provider with a record of the employee's absence pattern and ask the health-care provider if the serious health condition and need for leave is consistent with such a pattern.

29 C.F.R. 825.308

Certification— Qualifying Exigency Leave The first time an employee requests leave because of a qualifying exigency, a district may require the employee to provide a copy of the military member's active duty orders or other documentation issued by the military which indicates that the military member is on covered active duty or call to covered active duty status, and the dates of the covered military member's covered active duty service.

> A district may also require that the leave be supported by a certification that addresses the information at 29 C.F.R. 825.309(b). The district may use DOL optional form WH-384, or another form containing the same basic information, for this certification. The district may not require information beyond that specified in the regulations.

29 C.F.R. 825.309

Certification— Military Caregiver Leave When an employee takes military caregiver leave, a district may require the employee to obtain a certification completed by an authorized health-care provider of the covered service member. In addition, the district may request that the employee and/or covered service member address in the certification the information at 29 C.F.R. 825.310(c). The district may also require the employee to provide confirmation of a covered family relationship to the seriously injured or ill service member.

> A district may use DOL optional form WH-385, or another form containing the same basic information, for this certification. The district may not require information beyond that specified in the regulations. A district must accept as sufficient certification "invitational travel orders" ("ITOs") or "invitational travel authorizations" ("ITAs") issued to any family member to join an injured or ill service member at his or her bedside.

	A district may seek authentication and/or clarification of the certifi- cation under the procedures described above. Second and third opinions, and recertifications, are not permitted for leave to care for a covered service member.
	29 C.F.R. 825.310
Intent to Rea to Work	A district may require an employee on FMLA leave to report period- ically on the employee's status and intent to return to work. The district's policy regarding such reports may not be discriminatory and must take into account all of the relevant facts and circum- stances related to the individual employee's leave situation. 29 <i>C.F.R.</i> 825.311

A district shall keep these records for no less than three years and make them available for inspection, copying, and transcription by representatives of the DOL upon request.
	If the district is preserving records electronically, the district must comply with 29 C.F.R. 825.500(b). A district that has eligible em- ployees must maintain records with the data set forth at 29 C.F.R. 825.500(c). A district that has no eligible employees must maintain

just the data at 29 C.F.R. 825.500(c)(1). For districts in a joint employment situation, see 29 C.F.R. 825.500(e).

Records and documents relating to certifications, recertifications, or medical histories of employees or employees' family members, created for purposes of FMLA, shall be maintained as confidential medical records in separate files/records from the usual personnel files.

[For information regarding GINA, see DABDAA(LEGAL).]

Cross-reference change. No charge.

If the Americans with Disabilities Act (ADA) is also applicable, such records shall be maintained in conformance with ADA confidentiality requirements [see 29 C.F.R. 1630.14(c)(1)], except as set forth in this section of the regulations.

To be considered educationally disadvantaged, a student must meet the income requirements for eligibility under the National School Lunch Program (NSLP), authorized by 42 United States Code 1751, et seq. A district may use the following approved methods for determining student eligibility for the FAST program: "Dual credit course" includes a course offered for joint high school and junior college credit under Education Code 130.008 or another course offered by an institution of higher education for which a high school student may earn credit toward satisfaction of:

- 1. A requirement necessary to obtain an industry-recognized credential or certificate or an associate degree;
- 1. Parent certification, where the parent or guardian asserts meeting the income requirements for eligibility under this subsection;
- 2. Direct certification, where eligible children are certified for free meals without the need for a household application based on household participation in one or more federal assistance programs; or
- 3. Direct verification, where public records are used to verify a student's eligibility for free or reduced-price meals when verification of student eligibility is required.

A district with one or more campuses not participating in the NSLP may derive an eligible student count by an alternative method as determined by TEA.

19 TAC 102.1097

	2.1. A foreign language requirement at an institution of higher edu- cation;

	4.1. A requirement in a field of study curriculum developed by the Coordinating Board under Education Code 61.823.				
District Determination	A district shall, on a high school student's enrollment in a dual credit course, determine whether the student meets the above cri- teria for the program and notify the institution of higher education that offers the dual credit course in which the student is enrolled of the district's determination.				
	A district may make the determination based on the district's rec- ords, TEA's records, or any other method authorized by commis- sioner or THECB rule. If the district bases the determination on a method other than TEA's records, the district shall report the method used and the data on which the method is based to TEA for purposes of verification.

ACADEMIC ACHIEVEMENT

Award of Credit	The award of credit for a course affirms that a student has satisfactorily met state and local requirements. Any course for which credit is awarded must be provided according to 19 TAC 74.26(a)(1) and (a)(2) [see FDA]. <i>19 TAC 74.26(a)</i>
Early Award of Credit	A district may offer courses designated for grades 9-12 in earlier grade levels. A course must be considered completed and credit must be awarded if the student has demonstrated achievement by meeting the standard requirements of the course, including demonstrated proficiency in the subject matter, regardless of the time the student received instruction in the course or the grade level at which proficiency was attained. The academic achievement record (transcript) shall reflect that students have satisfactorily completed courses at earlier grade levels from grades 9-12 and have been awarded state graduation credits. <i>19 TAC 74.26(b)</i>
Partial Award	In accordance with a district's local policy, a student who is able to successfully complete only half of a course can be awarded credit proportionately. <i>19 TAC 74.26(d)</i>
	A district shall award credit proportionately to a student who is homeless or in substitute care who successfully completes only half of a course. <i>19 TAC 74.26(e)</i>
Attendance for Credit or Final Grade	Unless credit is awarded by the attendance committee or regained in accordance with a principal's plan [see FEC], a student in any grade level from kindergarten through grade 12 may not be given credit or a final grade for a class unless the student is in attend- ance for at least 90 percent of the days the class is offered. <i>Educa-</i> <i>tion Code 25.092</i>
Homeless or Substitute Care	A district shall adopt a local policy to ensure credit, including pro- portionate credit, has been awarded appropriately to a student who is homeless or in substitute care for coursework completed prior to the student enrolling in or transferring to the district in accordance with 19 Administrative Code 74.26 (Award of Credit).
	A district must ensure that student records or transcripts provided by the previous district or charter school are evaluated promptly and are complete, accurate, and up to date.
	The receiving district must develop, maintain, and regularly update local records and documentation, including transcripts if applicable, for a student who is homeless or in substitute care.
	A district must ensure that the records or transcripts of a student who is homeless or in substitute care and transferring from out of state, out of country, or a Texas nonpublic school are evaluated and the award of credit is determined in a timely manner, as re- quired by 19 Administrative Code 74.26(a)(2). [See FDA]

A district must award credit proportionately to a student who is homeless or in substitute care who successfully completes only half of a course. Districts must evaluate the student record upon a student's enrollment and ensure that proportionate credit has been awarded appropriately.

If a district determines that there are courses in which a student was enrolled but for which the student has not earned credit, the district may use a variety of methods to determine whether the student may be eligible for full or proportionate credit for coursework completed. The award of credit must be based on demonstrated proficiency in all state and local requirements for a course in accordance with 19 Administrative Code 74.26.

A district must provide opportunities for a student who is homeless or in substitute care who enrolls in the district after the start of the school year to be administered credit by examination at any point during the school year, as required by 19 Administrative Code 74.24 (Credit by Examination) [see EHDB and EHDC].

Districts must:

- Develop processes for students who have credit deficits or incomplete coursework that would impede on-time promotion or graduation to earn credit and implement appropriate academic interventions to address any credit deficiencies identified;
- Develop and administer a personal graduation plan in accordance with Education Code 28.0212 (see EIF) for each student in junior high or middle school who is not likely to receive a high school diploma before the fifth school year following the student's enrollment in grade 9, as determined by the district, or does not perform satisfactorily on a state assessment instrument;
- 3. Review personal graduation plan options with each student entering grade 9 and with that student's parent or guardian as required by Education Code 28.02121 [see EIF]. Before the conclusion of the school year, the student and the student's parent or guardian must confirm and sign a personal graduation plan for the student;
- 4. Ensure that school staff actively engage with the student and the student's parent or guardian, as applicable, to develop a plan to recover credits if the student has credit deficits or incomplete coursework that would impede on-time promotion or graduation; and

	5.	Comply with Education Code 28.025(i) [see EIF], concerning the award of diplomas for students who are homeless or in substitute care who are in grade 11 or 12.

A retention committee shall be composed of:

All students graduating must be provided with a summary of academic achievement and functional performance as described in 34 C.F.R. 300.305(e)(3). This summary must consider, as appropriate, the views of the parent and student and written recommendations from adult service agencies on how to assist the student in meeting postsecondary goals. An evaluation as required by 34 C.F.R. 300.305(e)(1) (evaluation to determine that the child is no longer a child with a disability), must be included as part of the summary for a student graduating under 19 Administrative Code 89.1070(b)(2), (b)(3)(A), (B), or (C) or (f)(4)(A), (B), or (C). Students who participate in graduation ceremonies but who are not graduating under subsections (b)(2), (b)(3)(A), (B), or (C) or (f)(4)(A), (B), or (C) and who will remain in school to complete their education do not have to be evaluated. *19 TAC 89.1070(g)-(h)*

The student must also successfully complete the student's IEP and meet one of the following conditions:
 - a. Consistent with the IEP, the student has obtained fulltime employment, based on the student's abilities and local employment opportunities, in addition to mastering sufficient self-help skills to enable the student to maintain the employment without direct and ongoing educational support of the local school district.

	If after the expiration of the intervention pause a campus receives an unacceptable rating, TEA will apply the requisite interventions that apply to the consecutive year that corresponds to the cam- pus's actual number of consecutive years of unacceptable perfor- mance minus the number of intervention pause years and, if appli- cable, accounting for the modification under 19 Administrative Code 97.1062(c).

	If a campus qualifies for an intervention pause for a school year af- ter the conclusion of the school year in which an order is author- ized under Education Code 39A.111, the intervention under Educa- tion Code 39A.111 will not pause.

Dating Violence Policy	A district shall adopt and implement a dating violence policy to be included in the district improvement plan.				
Requirements	A dating violence policy must include:				
	of ha	definition of dating violence that includes the intentional use physical, sexual, verbal, or emotional abuse by a person to rm, threaten, intimidate, or control another person in a da- g relationship, as defined by Family Code 71.0021;

	A dating violence policy must also address safety planning, en- forcement of protective orders, school-based alternatives to protec- tive orders, training for teachers and administrators at each district campus that instructs students in grade 6 or higher, counseling for affected students, and awareness education for students and par- ents.				
	Educati	on Code 37.083, .0831 [See BQ]			
Student Resources	To the extent possible, a district shall make available to students age-appropriate educational materials that include information on the dangers of dating violence and resources to students seeking help. <i>Education Code 37.0831(c)</i>				
	Note removed after <i>Texas v. Cardona</i> , No. 4:23-cv-00604-0, 2024 WL 3658767 (N.D. Tex. Aug. 5, 2024) enjoined the U.S. Office for Civil Rights guidance with respect to this interpretation of Title IX.				
	Note:	References to Title IX, part, or subpart in the following le- gal provisions refer to Title IX and its corresponding reg- ulations.			

	The U.S. Department of Education's Office for Civil Rights has issued a formal interpretation that discrimina- tion on the basis of sex under Title IX includes discrimi- nation on the basis of sexual orientation and gender identity.
Sexual Harassment	A district may develop and implement a sexual harassment policy to be included in the district improvement plan. <i>Education Code 37.0</i> 83 [See BQ]
	Sexual abuse of a student by an employee, when there is a con- nection between the physical sexual activity and the employee's duties and obligations as a district employee, violates a student's constitutional right to bodily integrity. Sexual abuse may include fondling, sexual assault, or sexual intercourse. U.S. Const. Amend. 14; <u>Doe v. Taylor Indep. Sch. Dist.</u> , 15 F.3d 443 (5th Cir. 1994)
	No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any education program or activity receiving federal financial assistance. <i>20 U.S.C. 1681 (Title IX)</i>
	A district's treatment of a complainant or a respondent in response to a formal complaint of sexual harassment may constitute discrim- ination on the basis of sex under Title IX. <i>34 C.F.R. 106.45; 20</i> <i>U.S.C. 1681</i> [See also FB regarding Title IX]
Designation of Title IX Coordinator	A district must designate and authorize at least one employee to coordinate its efforts to comply with its responsibilities under Title IX, which employee must be referred to as the "Title IX Coordinator."
Parties Entitled to Notice	The district must notify applicants for admission and employment, students, parents or legal guardians, employees, and all profes- sional organizations holding professional agreements with the dis- trict ("Parties Entitled to Notice") of the name or title, office address, electronic mail address, and telephone number of the employee or employees designated as the Title IX Coordinator.
	34 C.F.R. 106.8(a)
Reporting	Any person may report sex discrimination, including sexual harass- ment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or sexual harassment), in person, by mail, by telephone, or by elec- tronic mail, using the contact information listed for the Title IX Coor- dinator, or by any other means that results in the Title IX Coordina- tor receiving the person's verbal or written report. Such a report may be made at any time (including during nonbusiness hours) by

using the telephone number or electronic mail address, or by mail
to the office address, listed for the Title IX Coordinator. 34 C.F.R.
106.8(a)

Notification of Policy A district must notify the Parties Entitled to Notice, above, that the district does not discriminate on the basis of sex in the education program or activity that it operates, and that it is required by Title IX not to discriminate in such a manner. The notification must state that the requirement not to discriminate in the education program or activity extends to employment, and that inquiries about the application of Title IX to such district may be referred to the district's Title IX Coordinator, to the assistant secretary for civil rights of the Department of Education, or both. *34 C.F.R. 106.2(d), .8(b)(1)*

Publication A district must prominently display the contact information required to be listed for the Title IX Coordinator and the nondiscrimination policy described at Notification of Policy, above, on its website, if any, and in each handbook that it makes available to the Parties Entitled to Notice, above.

A district must not use or distribute a publication stating that the district treats applicants, students, or employees differently on the basis of sex except as such treatment is permitted by Title IX.

34 C.F.R. 106.8(b)(2)

Note: To distinguish the process described below from the district's general grievance policies [see DGBA, FNG, and GF], this policy refers to the grievance process required by Title IX regulations for responding to formal complaints of Title IX sexual harassment in an education program or activity and against a person in the United States as the district's "Title IX formal complaint process."

Adopting and Publishing Complaint Procedures

A district must adopt and publish procedures that provide for the prompt and equitable resolution of student and employee complaints alleging any action that would be prohibited by Title IX and a Title IX formal complaint process that complies with 34 C.F.R. 106.45 for formal complaints as defined below.

A district must provide notice to the Parties Entitled to Notice, above, of the district's procedures and Title IX formal complaint process, including how to report or file a complaint of sex discrimination, how to report or file a formal complaint of sexual harassment, and how the district will respond.

FFH (LEGAL)

The requirements of this provision apply only to sex discrimination occurring against a person in the United States.

34 C.F.R. 106.8(c)-(d)

Response to Sexual "Actual knowledge" means notice of sexual harassment or allega-Harassment tions of sexual harassment to a district's Title IX Coordinator or any official of the district who has authority to institute corrective Definitions measures on behalf of the district, or to any employee of an elementary and secondary school. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only official of the district with actual knowledge is the respondent. The mere ability or obligation to report sexual harassment or to inform a student about how to report sexual harassment, or having been trained to do so, does not qualify an individual as one who has authority to institute corrective measures on behalf of the district. "Notice" as used in this paragraph includes, but is not limited to, a report of sexual harassment to the Title IX Coordinator.

> "Complainant" means an individual who is alleged to be the victim of conduct that could constitute sexual harassment.

> "Consent" is not defined by the Title IX regulations, nor do the regulations require districts to adopt a particular definition of consent with respect to sexual assault.

"Formal complaint" means a document filed by a complainant or signed by the Title IX Coordinator alleging sexual harassment against a respondent and requesting that the district investigate the allegation of sexual harassment. At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the education program or activity of the district with which the formal complaint is filed. A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information required to be listed for the Title IX Coordinator, and by any additional method designated by the district. As used in this paragraph, the phrase "document filed by a complainant" means a document or electronic submission (such as by electronic mail or through an online portal provided for this purpose by the district) that contains the complainant's physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint. Where the Title IX Coordinator signs a formal complaint, the Title IX Coordinator is not a complainant or otherwise a party to a Title IX formal complaint, and must comply with the requirements of the Title IX formal complaint process, including the informal resolution process.

"Respondent" means an individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

"Sexual harassment" means conduct on the basis of sex that satisfies one or more of the following:

- 1. An employee of the district conditioning the provision of an aid, benefit, or service of the district on an individual's participation in unwelcome sexual conduct;
- Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the district's education program or activity; or
- "Sexual assault" as defined in 20 U.S.C. 1092(f)(6)(A)(v), "dating violence" as defined in 34 U.S.C. 12291(a)(10), "domestic violence" as defined in 34 U.S.C. 12291(a)(8), or "stalking" as defined in 34 U.S.C. 12291(a)(30).

"Supportive measures" means nondisciplinary, nonpunitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. Such measures are designed to restore or preserve equal access to the district's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the district's educational environment, or deter sexual harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, campus escort services, mutual restrictions on contact between the parties, changes in work or district-provided housing locations, leaves of absence, increased security and monitoring of certain areas of the campus, and other similar measures. The district must maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality would not impair the ability of the district to provide the supportive measures. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures.

34 C.F.R. 106.2, .30(a)

Deliberate Indifference A district with actual knowledge of sexual harassment in an education program or activity of the district against a person in the United States, must respond promptly in a manner that is not deliberately indifferent. A district is deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known cir-

cumstances. Education For the purposes of 34 C.F.R. 106.30 [see Definitions, above] and Program or 106.45 [see Process for Title IX Formal Complaint, below], "educa-Activity tion program or activity" includes locations, events, or circumstances over which the district exercised substantial control over both the respondent and the context in which the sexual harassment occurs. 34 C.F.R. 106.44(a) Title IX Coordinator The Title IX Coordinator must promptly contact the complainant to Response discuss the availability of supportive measures, consider the complainant's wishes with respect to supportive measures, inform the complainant of the availability of supportive measures with or without the filing of a formal complaint, and explain to the complainant the process for filing a formal complaint. The Title IX Coordinator must respond in this manner with or without a formal complaint. 34 C.F.R. 106.44(b)(1) Supportive A district's response must treat complainants and respondents eq-Measures uitably by offering supportive measures and by following a process Required that complies with 34 C.F.R. 106.45 [see Process for Title IX Formal Complaint, below] before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent. 	 Provides the respondent with notice and an opportunity to challenge the decision immediately following the removal.
	This provision may not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Re- habilitation Act of 1973, or the Americans with Disabilities Act.
	34 C.F.R. 106.44(c)
Administrative Leave	The Title IX regulations do not preclude a district from placing a nonstudent employee respondent on administrative leave during the pendency of a Title IX formal complaint. This provision may not be construed to modify any rights under Section 504 of the Rehabilitation Act of 1973 or the Americans with Disabilities Act. 34 <i>C.F.R.</i> 106.44(d)
Process for Title IX Formal Complaint	For the purpose of addressing formal complaints of sexual harass- ment, a district's process must comply with the following require- ments. Any provisions, rules, or practices other than those required by this provision that a district adopts as part of its process for han- dling formal complaints of sexual harassment must apply equally to both parties. <i>34 C.F.R. 106.45(b)</i>
	A district's Title IX formal complaint process must:
	1. Treat complainants and respondents equitably by providing remedies to a complainant where a determination of responsibility for sexual harassment has been made against the respondent, and by following a process that complies with the Title IX regulations before the imposition of any disciplinary sanctions or other actions that are not supportive measures against a respondent. Remedies must be designed to restore or preserve equal access to the district's education program or activity. Such remedies may include the same individual-ized services described as supportive measures; however, remedies need not be nondisciplinary or nonpunitive and need not avoid burdening the respondent;
	 Require an objective evaluation of all relevant evidence—in- cluding both inculpatory and exculpatory evidence—and pro- vide that credibility determinations may not be based on a person's status as a complainant, respondent, or witness;
	3. Require that any individual designated by a district as a Title IX Coordinator, investigator, decision-maker, or any person designated by a district to facilitate an informal resolution process, not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent. A district must ensure that Title IX Coordinators, investigators, decision-makers, and any person

who facilitates an informal resolution process, receive training on the definition of sexual harassment, the scope of the district's education program or activity, how to conduct an investigation and Title IX formal complaint process including hearings, appeals, and informal resolution processes, as applicable, and how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interest, and bias. A district must ensure that decision-makers receive training on any technology to be used at a live hearing, if any, and on issues of relevance of questions and evidence, including when questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant. [See Hearings, below] A district also must ensure that investigators receive training on issues of relevance to create an investigative report that fairly summarizes relevant evidence. [See Investigation of a Formal Complaint, below] Any materials used to train Title IX Coordinators, investigators, decision-makers, and any person who facilitates an informal resolution process, must not rely on sex stereotypes and must promote impartial investigations and adjudications of formal complaints of sexual harassment:

- Include a presumption that the respondent is not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the Title IX formal complaint process;
- 5. Include reasonably prompt time frames for conclusion of the Title IX formal complaint process, including reasonably prompt time frames for filing and resolving appeals and informal resolution processes if the district offers informal resolution processes, and a process that allows for the temporary delay of the Title IX formal complaint process or the limited extension of time frames for good cause with written notice to the complainant and the respondent of the delay or extension and the reasons for the action. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities;
- Describe the range of possible disciplinary sanctions and remedies or list the possible disciplinary sanctions and remedies that the district may implement following any determination of responsibility;
- 7. State whether the standard of evidence to be used to determine responsibility is the preponderance of the evidence

		ply t agai inclu	dard or the clear and convincing evidence standard, ap- he same standard of evidence for formal complaints inst students as for formal complaints against employees, uding faculty, and apply the same standard of evidence to ormal complaints of sexual harassment;

	If, in the course of an investigation, the district decides to investi- gate allegations about the complainant or respondent that are not included in the Notice of Allegations, above, the district must pro- vide notice of the additional allegations to the parties whose identi- ties are known.
	34 C.F.R. 106.45(b)(2)
Dismissal of a Formal Complaint	The district must investigate the allegations in a formal complaint. If the conduct alleged in the formal complaint would not constitute sexual harassment even if proved, did not occur in the district's ed- ucation program or activity, or did not occur against a person in the United States, then the district must dismiss the formal complaint with regard to that conduct for purposes of sexual harassment un- der Title IX; such a dismissal does not preclude action under an- other provision of the district's code of conduct.
	The district may dismiss the formal complaint or any allegations therein, if at any time during the investigation or hearing: a com- plainant notifies the Title IX Coordinator in writing that the com- plainant would like to withdraw the formal complaint or any allega- tions therein; the respondent is no longer enrolled or employed by the district; or specific circumstances prevent the district from gath- ering evidence sufficient to reach a determination as to the formal complaint or allegations therein.
	Upon a dismissal required or permitted pursuant to 34 C.F.R. 106.45(b)(3), the district must promptly send written notice of the dismissal and reason(s) therefor simultaneously to the parties.
Consolidation of Formal Complaints	A district may consolidate formal complaints as to allegations of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual har- assment arise out of the same facts or circumstances. Where a Ti- tle IX formal complaint process involves more than one complain- ant or more than one respondent, references in this provision to the singular "party," "complainant," or "respondent" include the plu- ral, as applicable.
	34 C.F.R. 106.45(b)(3)-(4)
Investigation of a Formal Complaint	When investigating a formal complaint and throughout the Title IX formal complaint process, a district must:
	 Ensure that the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding respon- sibility rest on the district and not on the parties provided that the district cannot access, consider, disclose, or otherwise

use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the district obtains that party's voluntary, written consent to do so for a Title IX formal complaint (if a party is not an "eligible student," as defined in 34 C.F.R. 99.3 then the district must obtain the voluntary, written consent of a "parent," as defined in 34 C.F.R. 99.3) [see FL(LEGAL) at Education Records];

Prior to completion of the investigative report, the district must send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties must have at least 10

	 days to submit a written response, which the investigator will consider prior to completion of the investigative report. With or without a hearing, after the district has sent the investigative report to the parties pursuant to 34 C.F.R. 106.45(b)(5)(vii) [see Investigation of a Formal Complaint, above] and before reaching a determination regarding responsibility, the decision-maker(s) must afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. With or without a hearing, questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent. The decision-maker(s) must explain to the party proposing the questions any decision to exclude a question as not relevant. <i>34 C.F.R. 106.45(b)(6)(ii)</i>

A student who is enrolled in a state- approved class that includes essential knowledge and skills that relate to the preparation for an extracurricular activity may practice that extracurricular activity for no more than one period during the school day.	
	3.	A student may not be permitted to miss a scheduled aca- demic class to practice for an unrelated extracurricular activ- ity.

Participation by Homeschooled Students	A public school that participates in an activity sponsored by UIL may provide a non-enrolled student, who otherwise meets UIL eli- gibility standards to represent that school in a UIL activity, with the opportunity to participate in the activity on behalf of the school in the same manner that the school provides the opportunity to partic- ipate to students enrolled in the school.
	"Non-enrolled student" means a student who receives instruction as a homeschooled student as described by Education Code 29.916(a)(1) from a nonpublic school [see EK].
Relevant Policies	A non-enrolled student who seeks to participate or participates in a UIL activity on behalf of a school is subject to the following relevant policies that apply to students enrolled in the school:

A non-enrolled student who seeks to participate in a UIL activity on behalf of a school shall be required to establish minimum proof of residency acceptable to the district in the same manner as an applicant to attend a school in the district under Education Code 25.001 [see FD].

Academic The parent or person standing in parental relation to a non-enrolled Requirements student is responsible for oversight of academic standards relating to the student's participation in a UIL activity. As a condition of eligibility to participate in a UIL activity during the first six weeks of a school year, a non-enrolled student must demonstrate grade-level academic proficiency on any nationally recognized, norm-referenced assessment instrument, such as the Iowa Test of Basic Skills, Stanford Achievement Test, California Achievement Test, or Comprehensive Test of Basic Skills. A non-enrolled student demonstrates the required academic proficiency by achieving a composite, core, or survey score that is within the average or higher than average range of scores, as established by the applicable testing service. A district shall accept assessment results administered or reported by a third party. A non-enrolled student's demonstration of academic proficiency is sufficient for the school year in which the student achieves the required score and the subsequent school year. After the first six weeks of a school year, the parent or person standing in parental relation to a non-enrolled student participating in a UIL activity on behalf of a public school must periodically, in accordance with the school's grading calendar, provide written verification to the school indicating that the student is receiving a passing grade in each course or subject being taught. Subject only to eligibility requirements, the curriculum or assessment requirements, performance standards, practices, or creed of the education program provided to a non-enrolled student may not be required to be changed in order for the non-enrolled student to participate in a UIL activity. Subject only to eligibility requirements, for a non-enrolled student participating in an education program on January 1, 2021, the education program provided to that student may not be required to comply with any state law or agency rule relating to that education program unless the law or rule was in effect

on January 1, 2021.

UIL Classification	When assigning league classification to a public school based on student enrollment, the UIL must use the same student enrollment calculation formula for a school that allows a non-enrolled student to participate in a league activity as the formula used to determine the student enrollment of a school that does not allow a nonen- rolled student to participate in the league activity.	
	Education Code 33.0832	
Allotments	For each nonenrolled student who participates in a UIL activity for a school in a district that allows participation of nonenrolled stu-

A district may still receive the allotment if a student began the activity season without injury or illness and later experienced an injury or prolonged illness that prevented participation.

For audit purposes, a district shall maintain documentation to support the requirements of this provision.

A district will be provided with estimated funding during a school year for nonenrolled students in accordance with 19 Administrative Code 105.1031(g).

Length of Suspension	A suspension continues for at least three school weeks and is not removed during the school year until the conditions of Reinstate- ment, described below, are met. A suspension shall not last beyond the end of a school year.	
Grade Evaluation	"Grade evaluation period" means:	
Period	1. The six-week grade reporting period; or	
	 The first six weeks of a semester and each grade reporting period thereafter, in the case of a district with a grade report- ing period longer than six weeks.

	Districts may identify additional honors courses in the subject ar- eas of English language arts, mathematics, science, social studies, or a language other than English for the purposes of extracurricular eligibility but must identify such courses before the semester in which any exemptions related to extracurricular activities occur.
	Districts are neither required to nor restricted from considering courses as honors for the purpose of grade point average calcula- tion.
	19 TAC 74.30
Students with Disabilities	In the case of a student with a disability that significantly interferes with the student's ability to meet regular academic standards, sus- pension must be based on the student's failure to meet the require- ments of the student's individualized education program (IEP). The determination of whether the disability substantially interferes with the student's ability to meet the requirements of the student's IEP must be made by the admission, review, and dismissal (ARD) com- mittee.
	For the purposes of this provision, "student with a disability" means a student who is eligible for a district's special education program under Education Code 29.003(b).
	Education Code 33.081(e)
Practice or Rehearsal	A student suspended under Education Code 33.081 may practice or rehearse with other students for an extracurricular activity but may not participate in a competition or other public performance. This provision does not apply to a student prohibited from partici- pation for certain conduct involving extracurricular officials [see be- low]. Education Code 33.081(f)
Reinstatement	Until the suspension is removed or the school year ends, a district shall review the grades of a student at the end of each three-week period following the date on which the suspension began. At the time of a review, the suspension is removed if the student's grade in each class, other than a course described above at Exempt Courses, is equal to or greater than the equivalent of 70 on a scale of 100. 	of an extracurricular activity in retaliation for or as a result of the person's actions taken in performing the duties of a referee, judge, or other official of the extracurricular activity.
Reinstatement After Conduct	A student prohibited from participation may submit to the UIL a re- quest that the student be permitted to participate in future extracur- ricular activities sponsored or sanctioned by the UIL. The request must be submitted at least one year after the date the student en- gaged in the conduct that resulted in the prohibition if the student was enrolled in eighth grade or below at the time of the conduct or two years after the date the student engaged in the conduct that resulted in the prohibition if the student was enrolled in ninth grade or above at the time of the conduct.
	Education Code 33.081(e-1)-(e-2)
Spectator Suspension	A district shall prohibit a spectator of an extracurricular athletic ac- tivity or competition, including a parent or guardian of a student participant, from attending any future extracurricular athletic activity or competition sponsored or sanctioned by the district or the UIL if the spectator engages in conduct that intentionally, knowingly, or recklessly causes bodily injury to a person serving as referee, judge, or other official of an extracurricular athletic activity or com- petition in retaliation for or as a result of the person's actions taken in performing the duties of a referee, judge, or other official of the extracurricular athletic activity or competition.
	A district may establish an appeals process by which a person may appeal the prohibition to the district and the district may determine the facts associated with the conduct for which the district imposed the prohibition.
	A prohibition imposed under this provision must be for not less than one year after the date on which the prohibition is imposed but may not exceed five years from the date on which the prohibition is im- posed.
	Education Code 33.081(f-1)-(f-3)

Anonymous Evaluations	Anonymous evaluations of a student that determine whether the student may participate in a school-related program do not provide full information about the student's school activities. A district may by policy establish the parameters for parental contact with evalu- ating teachers, taking into account the type of evaluation, the infor-

	mation elicited in the evaluation, and scheduling and workload re- quirements of the teachers. <u>Byard v. Clear Creek Indep. Sch. Dist.</u> , Tex. Comm'r of Educ. Decision No. 020-R5-1001 (June 17, 2002)

	"Athletic club" means an entity that provides sports or exercise equipment or facilities to its customers or members or to the guests of its customers or members.
	Education Code 33.082
Special Olympics Recognition	If a district allows high school students to earn a letter for aca- demic, athletic, or extracurricular achievements, the district must allow high school students to earn a letter on the basis of a stu- dent's participation in a Special Olympics event. <i>Education Code</i> 33.093
Student Election Clerks	Unless applied toward instructional requirements [see EIA], a stu- dent who is appointed as a student election clerk under Election Code 32.0511 or as a student early voting clerk under Election Code 83.012, may apply the time served toward a service require- ment for participation in a school-sponsored extracurricular activity at the discretion of the school sponsor. <i>Education Code</i> 33.092

Following the request for proposals procurement process, the district may enter into a contract with a childcare facility or implement a before-school or after-school program operated by the district. If the district enters into a contract with a child-care facility, the contract must comply with the requirements of Education Code 44.031 and may not exceed a term of three years.

The board may adopt rules in accordance with Education Code 11.165 [see BAA] to provide access to school campuses before or after school hours for the purpose of providing a before-school or after-school program.

STUDENT RIGHTS AND RESPONSIBILITIES STUDENT EXPRESSION

First Amendment	A district shall take no action respecting an establishment of reli- gion, or prohibiting the free exercise thereof; or abridging the free- dom of speech, or of the press; or the right of the people peaceably to assemble, and to petition a board for a redress of grievances. <i>U.S. Const. Amend. I</i>
Freedom of Speech	Students do not shed their constitutional rights to freedom of speech or expression at the schoolhouse gate. At school and school events, students have First Amendment rights, applied in light of the special characteristics of the school environment.
	Student expression that is protected by the First Amendment may not be prohibited absent a showing that the expression will materi- ally and substantially interfere with the operation of the school or the rights of others.
	<u>Tinker v. Des Moines Indep. Cmty. Sch. Dist.</u> , 393 U.S. 503 (1969) [See also FNCI]
	The special characteristics of the school environment and the gov- ernmental interest in stopping student drug abuse allow a district to restrict student expression that it reasonably regards as promoting illegal drug use. <u>Morse v. Frederick</u> , 551 U.S. 393 (2007)
	When a student threatens violence against a student body, such specific threatening speech to a school or its population is unprotected by the First Amendment: school officials may punish such speech without first collecting evidence sufficient to prove a reasonable belief that disruption would occur as a result of the speech. <u>Ponce v. Socorro Indep. Sch. Dist.</u> , 508 F.3d 765 (5th Cir. 2007)
	The inculcation of fundamental values necessary to the mainte- nance of a democratic society is part of the work of the school. The First Amendment does not prevent school officials from determin- ing that particular student expression is vulgar and lewd, and there- fore contrary to the school's basic educational mission. <u>Bethel Sch.</u> <u>Dist. No. 403 v. Fraser</u> , 478 U.S. 675 (1986)
	Public schools may have a special interest in regulating some off- campus student speech, however, the interest must be sufficient to overcome the student's interest in free expression. Circumstances that may implicate a school's regulatory interests include serious or severe bullying or harassment targeting particular individuals; threats aimed at teachers or other students; the failure to follow rules concerning lessons, the writing of papers, the use of comput- ers, or participation in other online school activities; and breaches of school security devices. <u>Mahanoy Area School District v. B.L</u> , 141 S.Ct. 2038 (2021)

Prayer at School Activities	A public school student has an absolute right to individually, volun- tarily, and silently pray or meditate in school in a manner that does not disrupt the instructional or other activities of the school. A stu- dent shall not be required, encouraged, or coerced to engage in or refrain from such prayer or meditation during any school activity. <i>Education Code 25.901</i>
	Nothing in the Constitution as interpreted by the U.S. Supreme Court prohibits any public school student from voluntarily praying at any time before, during, or after the school day. But the religious liberty protected by the Constitution is abridged when a district af- firmatively sponsors the particular religious practice of prayer.
	A district shall not adopt a policy that establishes an improper ma- joritarian election on religion and has the purpose and creates the perception of encouraging the delivery of prayer at a series of im- portant school events.
	<u>Santa Fe Indep. Sch. Dist. v. Doe</u> , 530 U.S. 290 (2000) (address- ing school-sponsored, student-led prayer delivered over the public address system at high school football games) [For invocations and benedictions at commencement, see FMH.]
Federal Funds	As a condition of receiving federal funds under the Elementary and Secondary Education Act (ESEA), a district shall certify in writing to the Texas Education Agency (TEA) that no policy of the district pre- vents, or otherwise denies participation in, constitutionally pro- tected prayer in public schools, as detailed in the guidance from the United States secretary of education regarding constitutionally protected prayer. The certification shall be provided by October 1 of each year.
	By November 1 of each year, TEA shall report to the secretary a list of districts that have not filed the certification or against which com- plaints have been made to TEA that the district is not in compliance with this section. The secretary may issue and secure compliance with rules or orders with respect to a district that fails to certify, or is found to have certified in bad faith, that no policy of the district pre- vents, or otherwise denies participation in, constitutionally pro- tected prayer in public schools.
	20 U.S.C. 7904
Expression of Religious Viewpoints	A district shall treat a student's voluntary expression of a religious viewpoint, if any, on an otherwise permissible subject in the same manner the district treats a student's voluntary expression of a secular or other viewpoint on an otherwise permissible subject and

STUDENT RIGHTS AND RESPONSIBILITIES STUDENT EXPRESSION

	may not discriminate against the student based on a religious view- point expressed by the student on an otherwise permissible sub- ject. <i>Education Code 25.151</i>
Policies	A district shall adopt and implement a local policy regarding a lim- ited public forum and voluntary student expression of religious viewpoints. If a district voluntarily adopts and follows the model pol- icy governing voluntary religious expression in public schools at Education Code 25.156, the district is in compliance with the provi- sions of Education Code Chapter 25, Subchapter E covered by the model policy.
	A district shall adopt a policy that includes the establishment of a limited public forum for student speakers at all school events at which a student is to publicly speak. The policy regarding the limited public forum must also require a district to:
	 Provide the forum in a manner that does not discriminate against a student's voluntary expression of a religious view- point, if any, on an otherwise permissible subject;
	 Provide a method, based on neutral criteria, for the selection of student speakers at school events and graduation ceremo- nies;
	 Ensure that a student speaker does not engage in obscene, vulgar, offensively lewd, or indecent speech; and
	4. State, in writing, orally, or both, that the student's speech does not reflect the endorsement, sponsorship, position, or expression of the district.
	Student expression on an otherwise permissible subject may not be excluded from the limited public forum because the subject is expressed from a religious viewpoint.
Disclaimer	The disclaimer required by item 4, above, must be provided at all graduation ceremonies. A district must continue to provide the disclaimer at any other event in which a student speaks publicly for as long as a need exists to dispel confusion over the district's non-sponsorship of the student's speech.
	Education Code 25.152, .155
Class Assignments	Students may express their beliefs about religion in homework, art- work, and other written and oral assignments free from discrimina- tion based on the religious content of their submissions. Homework and classroom assignments must be judged by ordinary academic standards of substance and relevance and against other legitimate

pedagogical concerns identified by a district. Students may not be

	penalized or rewarded on account of the religious content of their work. <i>Education Code</i> 25.153
	[For information on the study of religion, see EMI. For information on student religious groups and activities, see FNAB.]
Patriotic Observances	A district may officially encourage students to express love for the United States by reciting historical documents or singing official anthems that contain religious references; such patriotic or ceremonial occasions do not constitute a school-sponsored religious exercise. <u>Engel v. Vitale</u> , 370 U.S. 421 (1962)
	A district shall not, however, compel students to participate in patri- otic observances. <u>West Virginia State Bd. of Educ. v. Barnette</u> , 319 U.S. 624 (1943) (holding unconstitutional a requirement that stu- dents salute the United States flag and recite the Pledge of Alle- giance)

STUDENT DISCIPLINE STUDENTS WITH DISABILITIES

Students with Disabilities Under Section 504	A district shall conduct an evaluation in accordance with 34 C.F.R. 104.35(b) before taking any action with respect to any significant change in placement of a student with a disability who needs or is believed to need special education and related services. <i>34 C.F.R. 104.35(a)</i>
	A district may take disciplinary action pertaining to the use or possession of illegal drugs or alcohol against any student with a disability who is currently engaging in the illegal use of drugs or in the use of alcohol to the same extent that the district would take disciplinary action against nondisabled students. The due process procedures afforded under Section 504 do not apply to such disciplinary action. 29 U.S.C. $705(20)(C)(iv)$
	Note: The provisions below apply only to students eligible for special education and related services under the Individuals with Disabilities Education Act (IDEA).
Students Receiving Special Education Services	All disciplinary actions regarding students with disabilities must be determined in accordance with 34 C.F.R. 300.101(a) and 300.530–300.536; Education Code Chapter 37, Subchapter A; and 19 Administrative Code 89.1053 (Procedures for Use of Restraint and Time-Out). <i>19 TAC 89.1050(k)</i>

	The methods adopted in the Student Code of Conduct [see FO] for discipline management and for preventing and intervening in student discipline problems must provide that a student who is enrolled in the special education program may not be disciplined for bullying, harassment, or making hit lists until an ARD committee meeting has been held to review the conduct. <i>Education Code 37.001(b-1)</i>

STUDENT DISCIPLINE STUDENTS WITH DISABILITIES

Removal for 10 Days or Less	School personnel may remove a student with a disability who vio- lates a student code of conduct from his or her current placement to an appropriate interim alternative educational setting, another setting, or suspension, for not more than 10 consecutive school days, to the extent those alternatives are applied to children with- out disabilities. 20 U.S.C. $1415(k)(1)(B)$; $34 C.F.R. 300.530(b)(1)$
Services During Removal	A district is required to provide services during the period of re- moval if the district provides services to a child without disabilities who is similarly removed. <i>34 C.F.R. 300.530(d)</i>
Subsequent Removals of 10 Days or Less	School personnel may remove the student for additional removals of not more than 10 consecutive school days in that same school year for separate incidents of misconduct, as long as those removals do not constitute a change in placement (see below). 34 C.F.R. $300.530(b)(1)$
Services During Removal	After a student has been removed from his or her current place- ment for 10 school days in the same school year, during any sub- sequent removal of 10 consecutive school days or less, school per- sonnel, in consultation with at least one of the student's teachers, shall determine the extent to which services are needed so as to enable the student to continue to participate in the general educa- tion curriculum, although in another setting, and to progress toward meeting the goals set out in the student's individualized education program (IEP). 20 U.S.C. 1415(k)(1)(D); 34 C.F.R. 300.530(d)(4)
Notice of Procedural Safeguards	Not later than the date on which the decision to take the discipli- nary action is made, a district shall notify the student's parents of the decision and of all procedural safeguards [see EHBAE]. 20 U.S.C. 1415(k)(1)(H)
Removals That Are a Change in Placement	Any disciplinary action that would constitute a change in placement may be taken only after the student's ARD committee conducts a manifestation determination review.
	Any disciplinary action regarding the student shall be determined in accordance with federal law and regulations, including laws or reg- ulations requiring the provision of functional behavioral assess- ments; positive behavioral interventions, strategies, and supports; behavioral intervention plans; and the manifestation determination review [see Manifestation Determination, below].
	Education Code 37.004(b)
Behavior Assessment and Intervention	If a district takes a disciplinary action regarding a student with a disability who receives special education services that constitutes a change in placement under federal law, the district shall:

	1.	Not mer	later than the 10th school day after the change in place- nt:
		a.	Seek consent from the student's parent or person stand- ing in parental relation to the student to conduct a func- tional behavioral assessment of the student, if a func- tional behavioral assessment has never been conducted on the student or the student's most recent functional behavioral assessment is more than one year old; and
		b.	Review any previously conducted functional behavioral assessment of the student and any behavior improve- ment plan or behavioral intervention plan developed for the student based on that assessment; and
	2.	havi not	necessary, develop a behavior improvement plan or be- ioral intervention plan for the student if the student does have a plan or, if the student has a behavior improvement or behavioral intervention plan, revise the student's plan.

Change in Placement		• •	oses of disciplinary removal of a student with a disability, a n placement occurs if a student is:
	1.		noved from the student's current educational placement more than 10 consecutive school days; or
	2.	Sub cau	jected to a series of removals that constitute a pattern be- se:
		a.	The series of removals total more than 10 school days in a school year;
		b.	The student's behavior is substantially similar to the stu- dent's behavior in the previous incidents that resulted in the series of removals; and
		C.	Additional factors exist, such as the length of each re- moval, the total amount of time the student is removed, and the proximity of the removals to one another.
		patt disti	district determines, on a case-by-case basis, whether a ern of removals constitutes a change in placement. The rict's determination is subject to review through due pro- s and judicial proceedings.

	School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a student who violates a code of student conduct. 20 $U.S.C. 1415(k)(1)(A)$		
Manifestation Determination	Within 10 school days of any decision to change the placement of a student because of a violation of a code of student conduct, a district, parents, and relevant members of the ARD committee (as determined by the parent and the district) shall review all relevant information in the student's file, including the student's IEP, any teacher observations, and any relevant information provided by the parents to determine whether the conduct in question was:		
	 Caused by, or had a direct and substantial relationship to, the student's disability; or 		
	2. The direct result of the district's failure to implement the IEP.		
	If the district, the parent, and relevant members of the ARD com- mittee determine that either of the above is applicable, the conduct shall be determined to be a manifestation of the student's disability.		
	If the district, the parent, and relevant members of the ARD com- mittee determine the conduct was the direct result of the district's failure to implement the IEP, the district must take immediate steps to remedy those deficiencies.		
	20 U.S.C. 1415(k)(1)(E); 34 C.F.R. 300.530(e)		
Not a Manifestation	If the determination is that the student's behavior was not a manifestation of the student's disability, school personnel may apply the relevant disciplinary procedures to the student in the same manner and for the same duration as for students without disabilities. The ARD committee shall determine the interim alternative educational setting. 20 U.S.C. $1415(k)(1)(C)$, $(k)(2)$; $34 C.F.R. 300.530(c)$		
Expulsion	In a county with a juvenile justice alternative education program (JJAEP) [see FODA], a district must invite the administrator of the JJAEP or the administrator's designee to an ARD committee meeting convened to discuss the discretionary expulsion under Education Code 37.007 of a student with a disability. The district must provide written notice of the meeting at least five school days before the meeting or a shorter timeframe agreed to by the student's parents. A copy of the student's current IEP must be provided to the JJAEP representative with the notice. If the JJAEP representative is unable to attend the ARD committee meeting, the representative must be given the opportunity to participate in the meeting through alternative means, including conference telephone calls. The JJAEP representative may participate in the meeting to the extent that the meeting relates to the student's placement in the

- 1. Continue to receive educational services so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals in the student's IEP.
- 2. Receive, as appropriate, a functional behavioral assessment, and behavioral intervention services and modifications, that are designed to address the behavior violation so that it does not recur.

These services may be provided in an interim alternative educational setting.

34 C.F.R. 300.530(d)(1)-(2)

For a student with a disability who was expelled under a discretionary expulsion under Education Code 37.007, an ARD committee meeting must be convened to reconsider placement of the student in the JJAEP if the JJAEP provides written notice to the district of specific concerns that the student's education or behavioral needs cannot be met in JJAEP.

The district must invite the JJAEP administrator or the administrator's designee to the meeting and must provide written notice of the meeting at least five school days before the meeting or a shorter timeframe agreed to by the student's parents. If the JJAEP representative is unable to attend the ARD committee meeting, the representative must be given the opportunity to participate in the meeting through alternative means, including conference telephone calls. The JJAEP may participate in the meeting to the extent that the meeting relates to the student's continued placement in JJAEP.

- 2. If a BIP has already been developed, review the BIP and modify it, as necessary, to address the behavior.

	com stud	ept as provided at Special Circumstances, below, the ARD mittee shall return the student to the placement from which the lent was removed, unless the parent and the district agree to a nge in placement as part of the modification of the BIP.

Reporting Crimes	Federal law does not prohibit a district from reporting a crime com- mitted by a student with a disability to appropriate authorities. If a district reports a crime, the district shall ensure that copies of the special education and disciplinary records of the student are trans- mitted for consideration by the appropriate authorities to whom the district reported the crime. A district may transmit records only to the extent permitted by the Family Educational Rights and Privacy Act (FERPA). 20 U.S.C. 1415(k)(6); 34 C.F.R. 300.535 [See FL]

	3. The student's teacher, or other district personnel, expressed specific concerns about a pattern of behavior demonstrated by the student directly to the special education director or to other supervisory personnel of the district.	
	20 U.S.C. 1415(k)(5)(B); 34 C.F.R. 300.534(b)

	If a district does not have knowledge (as described above), before taking disciplinary measures, that a student has a disability, the student may be subjected to the same disciplinary measures ap- plied to students without disabilities who engaged in comparable behaviors.		
	riod eval eval plac	ever, if a request is made for an evaluation during the time pe- in which the student is subjected to disciplinary measures, the uation shall be conducted in an expedited manner.
