RE: Pana high/ jr high oil and chip

I talked with Jeff about oiling and chipping the road in front of the junior high and high school. We would be starting the oil and chip where the city stops on school drive and oil all the way to sunset where the city takes over again. We would be using HFE-150 emulsified asphalt for the oil and CA-15 chips for the rock. Jeff said they would take care of any patching that needs to be done before oiling. We would be rolling the road upon completion of oil and chip. We would do this work most likely sometime in June.

Single seal of oil and chip- \$9,716.67

These prices are good until October 1, 2022.

Thank you for the opportunity to quote. If you have any questions, please call me at 217-526-3723.

Thank you,

Tyler Vocks
