APPENDIX A

Implementation of Noise Compatibility Programs and Projects

In connection with the development and implementation of Noise Compatibility Programs and Noise Compatibility Projects in the O'Hare Commission Area, the City, and the O'Hare Commission shall have the following duties and responsibilities:

A. The members of the O'Hare Commission shall direct the further development of the Noise Compatibility Programs for the O'Hare Commission Area. The members of the O'Hare Commission shall establish criteria for the equitable allocation of Noise Compatibility Projects and approved airport revenues (including by not limited to FAA Airport Improvement Program ("AIP") grants, Passenger Facility Charge ("PFC") funds, and General Airport Revenue Bonds, and/or bonds backed by such funding sources) within the O'Hare Commission Area and the priorities for providing Noise Compatibility Projects, subject in each case to approval by the FAA and in compliance with all applicable FAA regulations and grant assurances, as well as other applicable law, and subject to available funding.

B. The City shall retain all necessary powers to satisfy the assurances made to the FAA in connection with the expenditure of airport revenues, including eligibility for sound insulation and/or sound insulation funding that is paid by airport revenues. The City shall enter into all agreements and assurances and shall take all other actions that may be necessary to provide for the utilization of airport revenues on the basis set forth in this *Appendix A*. Each Participant and other Governmental Unit that receives Noise Compatibility Projects shall enter into all agreements and assurances, including agreements with and assurances to the City, shall execute any necessary certificates, records and other documents and shall take all other actions that may be necessary to obtain and maintain FAA approval for the use of the airport revenues as contemplated in this *Appendix A*. Neither the O'Hare Commission nor any Participant shall take or omit to take any action if such action or omission violates restrictions on the use of airport revenues. The City shall not be obligated in any year to pay or utilize any amounts in excess of available airport revenues to carry out the purposes of this *Appendix A*.

C. The determination of eligibility to participate in a Noise Compatibility Program or receive a Noise Compatibility Project is not to be construed as an admission or determination of negative impact by aircraft noise or of liability for damages or any other injury relating to aircraft noise on the part of the City or the O'Hare Commission.

D. In the event they are determined to be eligible for participation in a Noise Compatibility Program, property owners in the O'Hare Commission Area shall not be required to pay any portion of the cost of any Noise Compatibility Project. Upon approval by the City and with the consent of the property owner, at its option the City may acquire homes that are subject to very high levels of aircraft noise.

E. Noise Compatibility Projects outside the City may be implemented through Participants and other Governmental Units located in the O'Hare Commission Area. A Governmental Unit may request that the City undertake a Noise Compatibility Project within such

Governmental Unit's corporate boundaries. Noise Compatibility Projects within the boundaries of the City shall be implemented by the City. The City may enter into agreements in connection with the planning and implementation of proposed Noise Compatibility Projects in the O'Hare Commission Area. The City shall provide administrative support and professional and technical assistance to the O'Hare Commission, each Participant and all other Governmental Units located in the O'Hare Commission Area in connection with the operations of the O'Hare Commission and the planning and implementation of Noise Compatibility Projects. All procurement activities related to Noise Compatibility Projects shall be undertaken in accordance with applicable law.

F. The O'Hare Commission may receive grants from any source to be used for the purpose of discharging its duties and obligations in accordance with the provisions of this *Appendix A*, and also may make grants for such purposes. The O'Hare Commission may expend any such grants for purposes consistent with this *Appendix A*. The City and the O'Hare Commission shall each use its best efforts (including serving as the sponsor or applicant for federal grants) to obtain the maximum amount of federal funds in connection with any noise mitigation projects, so as to maximize the availability and impact of the City's financial contribution to noise mitigation projects in the O'Hare Commission Area.

G. The City shall install and maintain a permanent noise monitoring system (the "*System*") at and around O'Hare Airport. The purposes of the System include validation of the FAA-approved noise contour for O'Hare, assisting in determining the eligibility and priority of proposed Noise Compatibility Projects for schools, enhancing public understanding of aircraft noise issues, and monitoring trends in aircraft noise.

(1) The City may retain a third party vendor ("*System Operator*") selected by the City with the input of the O'Hare Commission to operate and maintain the System pursuant to an agreement between the City and the System Operator.

(2) At the request of the O'Hare Commission, the City may also retain and pay the cost of another third party vendor ("*System Expert*") to provide independent management oversight of the System. The System Expert shall be mutually selected by the City and the O'Hare Commission. The System Expert will be responsible for independently verifying data and system operation through the review of all inputs and operational aspects of the System. All reports prepared by the System Expert shall be provided directly to the City and the O'Hare Commission. The activities and duties of the System Expert shall be consistent in all respects with the applicable requirements of the FAA. If the O'Hare Commission requests the City to retain and pay for such a System Expert, the amount that the City is obligated to pay the System Expert shall not exceed \$200,000 per year, adjusted annually for inflation.

(3) The System shall include a minimum of 33 monitoring sites in the O'Hare Commission Area, plus such number of additional permanent monitoring sites as may be agreed upon by the City and the O'Hare Commission.

(4) The data collected by the System shall be made available by the City to the O'Hare Commission and any Participant that requests such data. The City shall provide reports to the O'Hare Commission and any Participant based on the data collected by the System.

(5) Neither the O'Hare Commission, nor any of its Participants, representatives, agents, employees, consultants, or professional advisors shall use, or assist other persons in using, information generated by the System in violation of Section 4.A.(5) of this Agreement.
