Agenda Item II-G: Joint Purchasing Contract Awards – Multipurpose Athletic Facility
Presented by: Amy Skaalerud, Executive Director of Finance & Business Services

Background:

There are two work scopes for the multipurpose athletic facility that will be purchased through joint purchasing contracts. These work scopes are for the field turf and the permanently affixed athletic equipment which includes the batting cages, divider curtain, and perimeter netting. These are specialized products with very few vendors to purchase from, which is why the purchases are being made through joint purchasing contracts.

The District reviewed multiple options for turf for the project, and has chosen Sprinturf, which is the same product that was installed on the Apollo outdoor stadium a few years ago. The turf is being purchased through the Sourcewell Joint Purchasing Contract #031622-SNT. The athletic equipment is being purchased through the Sourcewell Joint Purchasing Contract #050924-PTA.

This project will be funded with proceeds from the 2025A School Building Bonds.

Administration Recommendation:

The Administration recommends that the Board of Education enter into joint purchasing contract for the Multipurpose Athletic Facility as follows:

- Turf Installation through the Sourcewell Joint Purchasing Contract – Sprinturf – \$405,540
- Athletic Equipment through the Sourcewell Purchasing Connection Contract – H2I Group – \$299,695
