Facts of the Day for February

Dear Williams Community,

The Facts of the Day are a routine part of our school days. They can be seen in every classroom and in the gym. Students are increasingly becoming more fluent in basic facts. Place this calendar in a prominent place. Students are excited to see who can correctly get the facts first. Please remember that the addition facts are especially good for all grades, while the multiplication facts are intended for grades 3 -5. We appreciate all of your support!
