Dear Families:

We're excited to announce a great resource for reading this summer: Capstone Interactive eBooks!

This summer, Capstone is providing free access to thousands of eBooks that can be read from school, home, or on-the-go. These eBooks can be used with a laptop or desktop computer or an iPad.

Best of all, Capstone Interactive eBooks provide critical supports like text-highlighting and read-aloud audio, recorded by professional voice-over artists. Plus, the easy navigation makes it inviting for your student to find their Capstone favorites: like the spunky Katie Woo, stunning photography from PebblePlus books, and thrilling reads like *Library of Doom* from Michael Dahl.

And you can feel comfortable knowing your student is exploring an ad-free website bursting with resources to help them read in and out of the classroom.
