Educational Objectives
Annual Deb's Choir Tour
May 28-31, 2010

1. Educational opportunities

Provides an opportunity for the students to experience performing in different settings including the Little Italy street fair on Saturday morning. The choir will perform at St. Joseph's Cathedral (founded in 1874) on Sunday. A visit and performance at the San Diego Zoo will also be included.

2. Maintains high performance level

Students have worked hard all year preparing for various community performances and competitions. They have worked on a variety of styles of music including an emphasis on jazz and show choir. The students have focused heavily on the educational aspects of singing, including posture, embouchure and breath control. All of this work culminates in a successful performance.

3. Benefits the choir program

Students have an opportunity to perform in several settings, including an on stage performance and singing in a cathedral. The opportunity for students to travel and perform helps promote interest in the choir program. Students in the training choirs look forward to the opportunity of performing, learning and participating in festivals and contests.
