

### **Introduction**

The InterMountain Education Service District serves 18 component school districts in Baker, Morrow, Umatilla and Union counties. We serve 23,450 students in eastern Oregon.

#### **Entrepreneurial**

The IMESD also has entrepreneurial programs that provide larger scale technology, printing and communication services to school districts, government agencies and non-profits throughout the state. This is a way of subsidizing services for school districts and relieving reliance upon the General Fund.

#### **Additional Services Available to Component Districts:**

Sometimes, our districts require more services than what are included in the Resolution Services/General Fund. In that case, the district enters into a contract with IMESD to pay for those additional services. These may include fiscal services, technology support, special education administration, EI/ECSE Child Find, bond campaigns, etc.
