Minidoka County School District
Technology Department
Apr 12, 2020

Student Technology

- Over 3,336 devices were assigned to students and sent home on March 17 in anticipation and preparation for a school closure. This included laptops and iPads.

District Technology

- Phone systems was configured so all calls placed to individual schools are routed to the District Service Center.
- Prepared and assigned laptops for school secretaries, special services and the business department to be able to work remotely.

Infrastructure

- Internet filtering upgrade was completed. Devices being sent home will receive the same filtering as devices connected to school Wi-Fi.
- Wi-fi signals at all schools has been extended into the parking lots so access can happen for those students that may not have internet at home.
- Finished access point replacements
  - Replaced 2 access point at EMS
  - Replaced 2 access point at WMS
  - Replaced 1 access point at AES
  - Replaced 1 access point at HES
  - Replaced 1 access point at RES
  - Replaced 1 access point at PES
