It is not necessary to include the dollar or percentage amount, just a commitment to provide the applicable match. Changes in the award amount could result in a requirement for the grantee to submit a new resolution.

This provision is not required for resolutions submitted under some funding sources because no matching funds are required – check the application instructions for the applicable match requirements for this funding source.

Commented [PC2]: If you designate a name, you will always need to submit a new resolution if the authorized official changes.
