- and collaboration structures.
- Offer monthly internal/external professional development sessions focused on instructional strategies, behavior supports, and IEP/504 implementation.
- ❖ Feedback during reviews: Paraprofessionals would like better access to the updated IEPs as meetings occur, and updates are not always shared.
- ❖ They would like more information about ways to support without overhelping students
- ❖ They would like more information about support in curriculum areas like ELA and Math.
- Goal: Empower students to understand their IEP/504 plans and actively participate in communicating their learning needs and accommodations to staff.
 - Collaborate with case managers and classroom teachers to provide structured opportunities for students to self-advocate.
 - Include student voice in progress monitoring discussions to increase ownership and understanding of their plans.
- ❖ 75% of the Middle School students lead their IEP meetings. High School was less than 50%. Overall, it was a good start, and we will continue to grow in this area.
- Goal: Increase the frequency and effectiveness of coaching observations to strengthen intervention implementation and improve student outcomes.
