

AGENDA ITEM

Subject: Approve proposed waiver for remote homebound instruction.

Rationale: Currently for typical homebound instruction, we send a teacher to instruct homebound students at their homes. For the 2018-2019 school year, HHS will have at least one student who is currently under home health care. This student has the ability to receive instruction utilizing our credit recovery program, PEAK. Providing this remote instruction will allow this student and others to continue individualized, rigorous and relevant curriculum at their own pace without having to wait for a teacher to provide services. While utilizing this computer based program, a student will be provided teacher support if needed.

Attached is a copy of the waiver to be sent to Commissioner Morath explaining its purpose.

Recommendation: Approve 2018-2022 Application for State Waiver.
