

District Assessment Report – March 2024

To: Kasie Luke
and LPSD School Board Members

From: Moon McCarley, District Testing
Coordinator

NWEA MAP Growth Assessments – Students in grades K-9

- Winter MAP Growth Benchmarks are complete.
- Spring growth scores will come from the AK Star assessment. As was the case last year, the GROWTH scores are available to teachers, students, and parents within 2 weeks of completing the assessment.

Amplify mClass with Dibels 8 – Student in grades K-3

- The final Amplify benchmark assessments will be given the last week of April, in compliance with the state window.
- Students reading below grade level are receiving reading interventions and progress monitoring through mClass interventions.
- Anecdotal data indicates that students participating in these interventions on a regular basis are showing good growth. After the final benchmark we will have a year of data to compare to see if our impressions are correct.

AK Star and Alaska Science Assessment – Students in grades 3-10

- AK Star results for the spring 2023 test administration will be released April 17.
- The deadline to share those results with parents will be May 10.
- There isn't a date yet for the release of spring 2024 results to be released. It will be sooner since the cut scores have been approved.
- LPSD students will be taking the AK Star and Alaska Science Assessment the week of April 8-12.
- School staff are in the process of training for administering the assessments, planning testing week, and helping student prepare.

ADP - Alaska Developmental Profile – Kindergarten students

- This shows the comparison of LPSDs ADP results to the state of Alaska.

Group	Count of Students with Ratings	Consistently Met All 13 Goals	Consistently Met At Least 11 of the 13 Goals
Statewide	8148	18.35%	30.87%
Lake and Peninsula Borough School District	25	28%	36%

- Full Public Results can be found at this link. You will see blank fields in some places. That is because group sizes of less than 10 cannot be displayed due to confidentiality.

DLM -Alternative Assessment, Dynamic Learning Maps – Select students in grades 3-10

- Currently there are no LPSD students who will be taking the DLM

NAEP- The National Assessment of Education Progress – Select student in select grades

- Inclement weather caused sites to need to reschedule their test dates. Those are TBD.
- Scores are not available for individual sites. They are included as part of the Alaska average and released nationally, later this year.

I'm available to meet with any board members to go over more targeted data, discuss testing practices, and any other assessment focused topics. Please don't hesitate to contact me at mmccarely@lpsd.com or 907-639-1199.

Available results for any statewide assessment can be accessed here:
