# Background:

## Texas Education Code, §31.1011

Local education agencies (LEAs) are required to certify annually to the State Board of Education (SBOE) and the Commissioner that students have access to instructional materials covering all Texas Essential Knowledge and Skills (TEKS) for all required subjects, except physical education.

## Protections against obscene or harmful content

Additionally, LEAs are required to certify that they protect against access to obscene or harmful content in compliance with the requirements for certification under the (i) the Children's Internet Protection Act (Pub. L. No. 106-554); (ii) Section [28.0022](#); (iii) Section [43.22](#), Penal Code; and (iv) any other law or regulation that protects students from obscene or harmful content. The TEKS Certification 2024–25 Survey includes a section for LEAs to certify they meet this requirement.

# Process

## Definitions

### Full-subject materials:

Instructional material designed to, if implemented as designed, provide a student with mastery of the essential knowledge and skills for a certain subject and grade level without the need for supplementation.

Often referred to as Tier 1 or core materials.

### Supplemental materials:

Instructional material designed to assist in the instruction of one or more of the essential knowledge and skills.

Often referred to as Tier 2 or Tier 3 materials.
