RE: Name Change for Roosevelt Elementary

Due to the Faribault Public Schools reorganization, Roosevelt Elementary will now be an early learning center for pre-kindergarten, early childhood special education, and kindergarten students. It is recommended to change the name of Roosevelt Elementary school to reflect that change and the purpose of the building. The name being proposed is Roosevelt Early Learning Center.

The change and purpose of the site must be updated with the Minnesota Department of Education for student reporting and fiscal reporting needs. This would be effective July 1, 2025.
