Unity Board of Education's Commitment to Professional Development

The Unity School Board is committed to the success of our school community. Just as students and staff learn and grow with professional development and quality instruction, the Unity Board of Education works with the Wisconsin Association of School Boards (WASB) to do the same.

WASB provides a variety of services including:

- Legal Services
- Policy Resource Guides
- Election Guidance
- School Board Professional Development

Also, during the 2024-2025 school year, the Board of Education will be participating in a book study of the book *Revisiting: Professional Learning Communities At Work, 2nd Ed.* with Mr. Fugate, Unity Superintendent, to learn about quality collaborative practices and how they can facilitate an increase in student achievement, effective professional development, and an overall sense of investment and buy-in from all key stakeholders.

Unity School District would like to offer gratitude to Safe-Way Bus Company for their continued generosity and support. During Staff In-Service and the District Open House, Safe-Way provided wonderful meals for students, families, and staff members. As we enter into our second year of this partnership, Unity is honored to work alongside Safe-Way to ensure safe and timely transportation services. Thanks Safe-Way for your hard work, generosity, and dedication!
