**Re:** Superintendents Board Report

---

## Updates

- The State Board of Education will consider the annexation/excision issue at their meeting August 28<sup>th</sup> in Pocatello. The agenda for that meeting won't be posted until 48 hours prior to the meeting.
- After attending the administrators conference last week I came away with the belief that the changes to the funding formula that have been worked on might not happen this next session as the topic took its toll on many of the stakeholders. However, the State Board will be considering new rules that determine student enrollment counts by school, school district, and statewide, and the process for reporting those counts. This has to be done if they are going to make any other changes to the funding formula going forward.
- All staff will be back by August 12<sup>th</sup>. We will have our opening all staff meeting on that day and there will be several meetings in each of the buildings throughout the week as they prepare for students to arrive on the 19<sup>th</sup> for the first day of school.
- The maintenance staff has worked hard this summer to prepare the facilities for another great school year.
