

# Executive Summary

## Prepared for Board of Trustees Meeting

October 28, 2014

### Google Classroom

---

#### Board Goal:

- Stay abreast of and incorporate best practices into teaching, learning, technology and leadership
- Actively pursue, foster and support an advanced digital learning environment
- Be environmentally responsible and aggressively pursue energy efficiency and conservation principles in building design, transportation alternatives, and operating procedures

#### Purpose of Report

- The purpose of this workshop is to inform the Board regarding the Google Classroom Initiative that creates a system for a paperless collaborative classroom

#### Objectives

- To provide Denton ISD staff and students with a quality and easy to use online system for classroom assignments, projects, and activities.
- To provide a digital learning platform for elementary, middle, and high school students.
- Create an alternate method of turning in student work transitioning away from traditional paper and pencil

#### Operational Impact

- District funds are not required for implementation however district support and training are essential

#### Results

Google Classroom will...

- Prepare Denton ISD teachers to be better equipped to effectively incorporate technology into their learning environment
- Prepare students for college and the 21<sup>st</sup> century workplace by transitioning them into a digital environment.
- Economically it will impact Denton ISD by saving money on copy cost and create
